Television Magic:

Fairy-Tale TV Jill Terry Rudy, Pauline Greenhill, 2020-07-02 This concise and accessible critical introduction examines the world of popular fairy tale television tracing how fairy tales and their social and cultural implications manifest within series television events anthologies and episodes and as freestanding motifs Providing a model of televisual analysis Rudy and Greenhill emphasize that fairy tale longevity in general and particularly on TV results from malleability morphing from extremely complex narratives to the simple quotation of a name like Cinderella or phrase like happily ever after as well as its perennial value as a form that is good to think with The global reach and popularity of fairy tales is reflected in the book's selection of diverse examples from genres such as political lifestyle reality and science fiction TV With a select mediagraphy discussion questions and detailed bibliography for further study this book is an ideal guide for students and scholars of television studies popular culture and media studies as well as dedicated fairy tale fans

Virtual Presenting Jamie Cohen, Michael Sorrentino, 2023-03-24 Responding to the widespread and continued acceleration of virtual working practices in recent years *Virtual Presenting* provides a clear guide to producing presenting and broadcasting in a remote context Unlike traditional studio production where a presenter is surrounded by a crew and cameras the virtual presenter is often isolated or connected to a remote crew *Virtual Presenting* explains how to make an authentic connection across great spaces linked only via the Internet Topics covered include how to build a virtual setup how to appear on camera how to appear confident and comfortable and how to optimize your presentation voice The authors demonstrate how to tell effective stories across the entire new media landscape of webcasting webinars livestreams and virtual events Finally success stories and case studies from teachers students and professionals are interwoven to show how these guidelines translate into best practices *Virtual Presenting* will be a valuable resource for students of media production and remote broadcasting as well as professionals looking to become stronger communicators and visual presenters

Secular Magic and the Moving Image Max Sexton, 2017-12-14 The power of the moving image to conjure marvelous worlds has usually been to understand it in terms of move magic On film a fascination for enchantment and wonder has transmuted older beliefs in the supernatural into secular attractions But this study is not about the history of special effects or a history of magic Rather it attempts to determine the influence and status of secular magic on television within complex modes of delivery before discovering interstices with film Historically the overriding concern on television has been for secular magic that informs and empowers rather than a fairytale effect that deceives and mystifies Yet shifting notions of the real and the uncertainty associated with the contemporary world has led to television developing many different modes that have become capable of constant hybridization The dynamic interplay between certainty and indeterminacy is the key to understanding secular magic on television and film and exploring the interstices between them Sexton ranges from the real time magic of street performers such as David Blaine Criss Angel and Dynamo to Penn and Teller's comedy magic to the hypnotic acts of Derren Brown

before finally visiting the 2006 films *The Illusionist* and *The Prestige* Each example charts how the lack of clear distinctions between reality and illusion in modes of representation and presentation disrupt older theoretical oppositions *Secular Magic and the Moving Image* not only re evaluates questions about modes and styles but raises further questions about entertainment and how the relations between the program maker and the audience resemble those between the conjuror and spectator By re thinking these overlapping practices and tensions and the marking of the indeterminacy of reality on media screens it becomes possible to revise our understanding of inter medial relations **Television** Frederik A. Kugel,1950

Tis Magic! Our Memories of Catweazle Alan Hayes,2019-10-22 Created by Richard Carpenter *Catweazle* burst onto TV screens in 1970 capturing the hearts of children and adults alike It starred Geoffrey Bayldon as the eponymous Saxon wizard who was twice catapulted through time to a 1970s England full of technology that left him bewildered His companions and mentors in the new magic were children Carrot Robin Davies and Cedric Gary Warren both of whom he befriended *Tis Magic Our Memories of Catweazle* celebrates the 50th Anniversary of the series with forty brilliant essays in which writers explore how *Catweazle* has touched their lives Extensively illustrated it boasts a foreword by Harriet Whitehouse daughter of *Catweazle* s creator and an afterword by Venetia Davies wife of Robin Davies Today *Catweazle* is regarded as one of the very best British children s television series It remains well loved and boasts a close knit fan community brought together by the Official *Catweazle* Fan Club which benefits from sales of this book **The Magic of Micah Lasher** Micah Lasher,1996 Lasher shows you how to perform the tricks he s used to delight and deceive his legion of fans Easy to follow instructions and step by step illustrations guide you in the arts of Coin and currency magic Card magic Rope magic Ball magic Magic with household objects Mental magic *The Continuum Companion to Twentieth Century Theatre* Colin Chambers,2006-05-14

The Secret History of Magic Peter Lamont,Jim Steinmeyer,2018-07-17 Pull back the curtain on the real history of magic and discover why magic really matters If you read a standard history of magic you learn that it begins in ancient Egypt with the resurrection of a goose in front of the Pharaoh You discover how magicians were tortured and killed during the age of witchcraft You are told how conjuring tricks were used to quell rebellious colonial natives The history of magic is full of such stories which turn out not to be true Behind the smoke and mirrors however lies the real story of magic It is a history of people from humble roots who made and lost fortunes and who deceived kings and queens In order to survive they concealed

many secrets yet they revealed some and they stole others They engaged in deception exposure and betrayal in a quest to make the impossible happen They managed to survive in a world in which a series of technological wonders appeared which previous generations would have considered magical Even today when we now take the most sophisticated technology for granted we can still be astonished by tricks that were performed hundreds of years ago The Secret History of Magic reveals how this was done It is about why magic matters in a world that no longer seems to have a place for it but which desperately needs a sense of wonder

TV Guide ,1994 Illinois Technograph ,1953 Techniques of Illusion Katharina Rein,2023-05-03 This book explores stage conjuring during its golden age from about 1860 to 1910 This study provides close readings highlighting four paradigmatic illusions of the time that stand in for different kinds of illusions typical of stage magic in the golden age and analyses them within their cultural and media historical context Pepper s Ghost the archetypical mirror illusion The Vanishing Lady staging a teleportation in a time of a dizzying acceleration of transport the levitation simulating weightlessness with the help of an extended steel machinery and The Second Sight a mind reading illusion using up to date communication technologies These close readings are completed by writings focusing on visual media and expanding the scope backwards and forwards in time roughly to 1800 and to 2000 This exploration will be of great interest to students and scholars in theatre and performance studies
