Tell Me About God:

Mommy, Tell Me About God Sharanika Curlee, 2019-08-23 I feel it is my responsibility to provide an avenue for young children to learn about God and his promises Raising a child in this world can be scary and difficult therefore I am dedicated to using the gifts I have been blessed with to influence the lives of children and their parents My son has been my biggest source of inspiration He has inspired me to pursue my lifelong dream of becoming a professional author I have now completed my first Christian children s book The main character of this book Mommy Tell Me about God is also my biggest inspiration my son Ian While our life experiences shape our outlook on life they also guide the way we pursue our future interests My name is Sharanika Curlee I was born and raised in a small town called Corinth MS Getting to know God for myself I quickly realized the importance of giving back I have been blessed to work in a variety of settings and had the opportunity to encounter many people whom I have been blessed to spread the word of God I have worked as a optician for 14 years certified financial loan officer for 3 years licensed cosmetologist for 12 years and jewelry designer 10 years While wearing many hats throughout my career I have been blessed to cross paths with many people to whom I was able to grace with God s word I have always had a desire to make a greater impact As a single parent to a five year old son I understand the importance of rearing him in a manner that provides him with the foundation to become a happy healthy young man with a heart for not only serving God but also to be a vessel of hope and help to others In today s society there are always opportunities to do wrong and become engulfed in a way of life that produces unfavorable results Teach them early and if they stray they have the knowledge that was instilled in them at a young age to find their way back to God [Tell Me about God](#) Jack Berryman, 2014-10-10 God exists and the evidence is us we exist we are alive We are alive because we have a soul which gives us life it s the energy life force at the center of our being The scientific community agrees that a force of some kind gives us life but they have yet to discover exactly what that force is They can understand almost every aspect of our body but they can t pull out and examine the thing that gives us life our soul Scientists can identify every atom of our body but they haven t a clue as to what causes it to be alive There is no scientific theory or any other plausible idea that explains why life exists The only explanation is the existence of a dimension outside of and separate from our physical dimension At the center of this spiritual dimension is God He is the One who gives us our soul and at the same time our life God does exist and the evidence is us we are alive Jesus Christ is the Son of God the Savior of humanity God Himself here on earth He came from God and lived here on earth to tell us about God s love for us He came to bring us back to our divine loving Father and to remind us of the relationship we can have with Him Many people feel that Jesus came to earth to bring a new religion But Jesus didn t come to bring a religion He came to bring a relationship a loving relationship between God and us like a father has with His precious children God wants to have a relationship with us He is reaching out to us but will we respond
