## **The Arms Race:**

**Arms Races in International Politics** Thomas G. Mahnken, Joseph Maiolo, David Stevenson, 2016 This volume provides the first comprehensive history of the arms racing phenomenon in modern international politics drawing both on theoretical approaches and on the latest historical research Written by an international team of specialists it is divided into four sections before 1914 the inter war years the Cold War and extra European and post Cold War arms races Twelve case studies examine land and naval armaments before the First World War air land and naval competition during the 1920s and 1930s and nuclear as well as conventional weapons since 1945 Armaments policies are placed within the context of technological development international politics and diplomacy and social politics and economics An extended general introduction and conclusion and introductions to each section provide coherence between the specialized chapters and draw out wider implications for policymakers and for political scientists Arms Races in International Politics addresses two key questions what causes arms races and what is the connection between arms races and the outbreak of wars

**The Arms Race** Anita Croy, 2019-07-15 Arms races are often associated with the Cold War but they re still a reality around the world today Issues such as military aggression and nuclear weapons are complex but they re presented to readers in an accessible way A fact filled main text engaging full color photographs and helpful graphic organizers richly present details about the arms race Readers are challenged to think for themselves about international arms races as they explore discussion questions and are asked to compare and contrast the viewpoints of experts Although news stories about weapons and wars might seem frightening to young people this volume stresses the importance of facts over fearmongering

March to Armageddon Ronald E. Powaski, 1987 Ronald E Powaski offers the first complete accessible history of the events forces and factors that have brought the world to the brink of a nuclear holocaust He traces the evolution of the nuclear arms race from FDR s decision to develop an atomic bomb to Reagan s decision to continue its expansion in the 1980 s Focusing on the forces that have propelled the arms race and the reasons behind the repeated failures to check the proliferation of nuclear weapons Powaski discusses such topics as the Manhattan Project the decision to drop the bomb on Hiroshima the debate over whether to share atomic information the effect of nuclear weapons on U S military and foreign policy and the role of these weapons in arms control negotiations in the last five presidential administrations

**The Arms Race and Nuclear War** William M. Evan, 1987 *MIRV and the Arms Race* Ronald L. Tammen, 1973 Return to Armageddon Ronald E. Powaski, 2003-02-20 Return to Armageddon covers the extraordinary years spanning the Reagan Bush and Clinton administrations a period when the United States through its victory in the Cold War led the world away from the brink of nuclear annihilation and then slowly became aware of the increased threat of nuclear confrontation in a world more splintered than ever before and more at the mercy of fanatics and zealots
