30 Charles M. Madigan,2007 The era of the big city newspaper as a dependable beacon for the American people is over A few stalwarts including the New York Times and the Washington Post remain true to the mission that has defined them for more than a century but even they are in jeopardy And what s happened to the others Charles Madigan s 30 is the story of the decline of an important institution the big city American newspaper told in a collection of incisive pieces by practitioners of the art and craft of journalism At heart it s an insider s story but with serious and vast consequences in the world beyond the newsroom

The American Newspaper Charles Dudley Warner,2021-04-25 In *The American Newspaper* Charles Dudley Warner undertakes a comprehensive examination of the burgeoning role of journalism in American society during the late 19th century This seminal work not only dissects the mechanics of newspaper production but also scrutinizes the ethical responsibilities inherent in the profession Warner s literary style is marked by a blend of critical observation and social commentary reflecting the dynamic intersections between media politics and public opinion in an era of transformation His nuanced approach reveals the struggles against sensationalism while advocating for integrity and truth in journalism Charles

Dudley Warner was a prominent literary figure and editor known for his insightful perspectives on American culture and society. Having witnessed the rapid evolution of American media, Warner was profoundly influenced by the potential of newspapers to inform and shape public discourse. His experiences along with his friendships with other notable writers and reformers of his time often highlighted the ethical dilemmas faced by journalists and the societal impact of media narratives. This book is essential for anyone interested in the foundations of American journalism and its implications on democracy. Warner's insights resonate with contemporary concerns about media responsibility, making this work both a historical gem and a poignant reflection for modern readers. Highly recommended for scholars, journalists, and anyone eager to understand the roots of journalistic integrity and the ongoing dialogue about media ethics.

The American Newspaper Will Irwin, 1969 [The Compact History of the American Newspaper](#) John William Tebbel, 1969 *The Last American Newspaper* Ken Tingley, 2022-08-30 This book reveals what is happening in small communities across the United States as their newspapers struggle to survive. It is a celebration not just of journalism but of the inspirational people who do it and the news and events of small towns. Importantly, it asks the question: who will be the community watchdog of the future? This book memorializes the American newspaper through the story of the Post Star of Glens Falls, NY. The author, a devoted veteran of the Post Star, compiles a series of vignettes that depict the newspaper's coverage over the years. They provide a glimpse behind the newsroom curtain through the stories of the investigative journalism done in small towns.

The American Newspaper, a Changing Image Bernard Kilgore, 1962 **Notes Toward a History of the American Newspaper, V. 1** William Nelson, 1918 **Report of the Fifteenth Annual Meeting of the American Newspaper Publishers Association** American Newspaper Publishers Association, 1901 *The Postwar Decline of American Newspapers, 1945-1965* David R. Davies, 2006-07-30 On the surface, the American newspaper industry appears to have changed little from 1945 to 1965, remaining both healthy and prosperous. The number of newspapers in 1965 was about the same as in 1945, while during the twenty-year period, advertising revenues increased substantially despite new competition from television. Just as in 1945, the vast majority of newspapers went to press with improved but old-fashioned letterpress methods in 1965. And newspaper reporters still professed a strong, if now somewhat shaken, faith in the federal government at the end of the twenty years. But the surface appearance of both stability and profitability obscured profound change. In the two decades after World War II, the business of newspaper publishing changed significantly in myriad ways. By 1965, editors and publishers had recognized the extent of these changes and were beginning to adjust. Each of the changes was significant of its own accord, and the range of challenges throughout the period combined to transform newspapers and the nation they served by 1965. This transformation was evident to varying degrees in newspapers' content, their production methods, their economic position within the overall media marketplace, and their relationship with government. Newspapers, some more than others, made strides to keep up with and overcome some of these challenges. But in each of these areas, newspapers as a group were slow
