The Anonymous Venetian:

The Anonymous Venetian Donna Leon,1995 Commissario Brunetti s hopes of a refreshing holiday with his family are dashed when a body is found in Marghera so badly beaten that the face is unrecognizable Brunetti searches in vain for someone who can identify the body Then he receives a call promising some tantalizing information *Anonymous Venetian* Giuseppe Berto,1973 *Wonderful Things: A History of Egyptology, Volume 1* Jason Thompson,2015-03-01 The discovery of ancient Egypt and the development of Egyptology are momentous events in intellectual and cultural history The history of Egyptology is the story of the people famous and obscure who constructed the picture of ancient Egypt that we have today recovered the Egyptian past while inventing it anew and made a lost civilization comprehensible to generations of enchanted readers and viewers thousands of years later This the first of a three volume survey of the history of Egyptology follows the fascination with ancient Egypt from antiquity until 1881 tracing the recovery of ancient Egypt and its impact on the human imagination in a saga filled with intriguing mysteries great discoveries and scholarly creativity *Wonderful Things* affirms that the history of ancient Egypt has proved continually fascinating but it also demonstrates that the history of Egyptology is no less so Only by understanding how Egyptology has developed can we truly understand the Egyptian past *A Shared Legacy* Emilia Calvo,2008 **The Reception of Ancient Egypt in Venice, 1400-1800** Sabine Herrmann,2024-06-04 This book examines for the first time how ancient Egypt is reflected in early modern Venetian sources As a center of the printing industry Venice was an important hub for the accumulation and dissemination of direct information on the Near East and the Levant Therefore ancient Egypt played a significant role in the cultural memory of Venice due to the lagoon city s religious and mercantile orientation towards the East The book explores how the acquisition selection and interpretation of Egyptian objects took shape in Venice and which actors were involved in the circulation of knowledge about ancient Egypt Venice can be used as a lens through which to understand the reception of ancient Egypt in the early modern period Meaningful and partly unpublished sources from primarily Italian archives highlight the visual imagination of ancient Egypt and its lexicographical codification The author draws upon these sources to examine the Venetian image of ancient Egypt in the early modern period and the epistemic change that accompanied it **Wonderful Things** Jason Thompson,2015 The discovery of ancient Egypt and the development of Egyptology are momentous events in intellectual and cultural history The history of Egyptology is the story of the people famous and obscure who constructed the picture of ancient Egypt that we have today recovered the Egyptian past while inventing it anew and made a lost civilization comprehensible to generations of enchanted readers and viewers thousands of years later The Death of the Child Valerio Marcello Margaret L. King,2009-05-15 Margaret King shows what the death of a little boy named Valerio Marcello over five hundred years ago can tell us about his time This child scion of a family of power and privilege at Venice s time of greatness left his father in a state of despair so profound and so public that it occasioned an outpouring of consoling letters orations treatises and poems In

these documents we find a firsthand account richly colored by humanist conventions and expectations of the life of the fifteenth century boy the passionate devotion of his father the feelings of his brothers and sisters the striking absence of his mother The father s story is here as well the career of a Venetian nobleman and scholar patron and soldier a participant in Venice s struggle for dominion in the north of Italy Through these sources also King traces the cultural trends that made Marcello s century famous Her work enlarges our view of the literature of consolation which had a distinctive tradition in Venice and shifting attitudes toward death from the late Middle Ages onward For the depth and acuity of its insights into political cultural and private life in fifteenth century Venice this book will be essential reading for students of the Renaissance For the grace and drama of its storytelling it will be savored by anyone who wishes to look into life and death in a palace and a city long ago
