**The Arabs** Jacques Berque, 1964 This book is a watershed in the study of the contemporary Middle East by Western man It is an exciting book but not one to be read quickly and easily It is complex even at times obscure because the Middle East is complex and obscure This from the preface the front page of which is one of my uploaded photos *Imagining the Arabs* Webb Peter Webb, 2016-05-31 Who are the Arabs When did people begin calling themselves Arabs And what was the Arabs role in the rise of Islam Investigating these core questions about Arab identity and history by marshalling the widest array of Arabic sources employed hitherto and by closely interpreting the evidence with theories of identity and ethnicity *Imagining the Arabs* proposes new answers to the riddle of Arab origins and fundamental reinterpretations of early Islamic history This book reveals that the time honoured stereotypes which depict Arabs as ancient Arabian Bedouin are entirely misleading because the essence of Arab identity was in fact devised by Muslims during the first centuries of Islam Arab identity emerged and evolved as groups imagined new notions of community to suit the radically changing circumstances of life in the early Caliphate The idea of the Arab was a device which Muslims utilised to articulate their communal identity to negotiate post Conquest power relations and to explain the rise of Islam Over Islam's first four centuries political elites genealogists poetry collectors historians and grammarians all participated in a vibrant process of imagining and re-imagining Arab identity and history and the sum of their works established a powerful tradition that influences Middle Eastern communities to the present day **Among the Arabs in Bible Lands** Walter K. Hitti, 1970 Publisher Description *The Arabs* Anthony Nutting, 1964 **The Arabs and the English** Sari J. Nasir, 1979 [Language Education Policy: The Arab Minority in Israel](#) M. Amara, 2002-05-31 The Israeli reality points to a number of deep divisions among the population such as between Sephardi Ashkenazi Orthodox secular men women Arab Jew most of which in our opinion are progressively decreasing as time passes The Arab Jewish divide is the deepest of all and there is still no solution In spite of its intensity it did not enjoy a centrality whether in public debates or in academia This subject has only come on the agenda after sharp tensions between Arabs and Jews In this book we will explore in more detail some aspects of the Arab Jewish divide which raise fundamental questions regarding the place of the Arabs and Arab language education in the Jewish State More specifically the aim of this

book is to describe and analyze language education in the Arab society in Israel from the establishment of the state in 1948 until today For this purpose internal processes which are embedded within the Arab population itself were examined such as the socio economic condition of the population the diglossic situation in the Arabic language and the wide use of Hebrew among Arabic speakers Furthermore the book also deals with external processes such as the policy of control and inspection of the Ministry of Education over the Arab education system in general and on language education in particular the dominance of Hebrew and the definition and perception of Israel as a Jewish State The influence of both internal and external processes on language education and learning achievements will also be extensively discussed A comprehensive examination was made of Arabic Hebrew and English as well as the teaching of French in a number of community schools The target group for this book are people who are concerned with sociolinguistics language education and language policy and planning This book will be also of special interest to Arab language teachers and policy makers in Israel
