

# The Armada In Ireland

**Laurence Flanagan**

## **The Armada In Ireland:**

*The Downfall of the Spanish Armada in Ireland* Ken Douglas,2009-09-25 The English navy inflicted a narrow defeat on the Armada but it was the Irish coast that encompassed its downfall Heed that coast The Duke of Medina Sidonia wanted only to guide La Felissima Armada home safely In the North Sea he issued sailing instructions which if they had been followed would have given the Armada a safety margin of at least 300 miles He particularly ordered them to take great heed lest you fall upon the island of Ireland for fear of the harm that may happen unto you upon that coast They were in no doubt that Ireland was to be avoided His words proved to be more than a warning they were a prophecy which was inexorably fulfilled A siren of alluring beauty the Irish coast also conceals deadly danger Destiny was to conspire to transform it into an instrument of terrible destruction and tragic loss of life In the Atlantic the Armada encountered continuous southerly winds and unknown ocean currents It was two centuries before it became possible to calculate longitude at sea and they were unaware that they had not sailed far enough westwards to give themselves the prescribed safety margin They became separated and lost and when they at last turned southwards scattered groups unintentionally descended on Ireland arriving at fourteen different locations from Donegal to Kerry Many found shelter but a few were lost But on 21 September 1588 fourteen ships were destroyed by hurricane force winds the only occasion during the entire voyage when ships were completely destroyed by the weather A most extreme and cruel storm the Irish described it The Spanish recorded that in the morning it began to blow from the west with a most terrible fury bright and with little rain Ships that had stayed at sea survived In Donegal Bay the galleass Girona had sheltered with about 1 000 men In October Don Alonso de Leyva arrived with almost 1 000 more His entourage included young men from all the noble families of Spain After being repaired the Girona departed for Scotland at the end of October overloaded with 1 300 survivors She so nearly got there but foundered near the Giant s Causeway with the loss of de Leyva and the flower of Spanish nobility In all 24 Spanish ships were lost in Ireland and about 5 000 men died far greater losses than had been suffered in the English Channel The English navy inflicted a narrow defeat on the Armada but it was the Irish coast that encompassed its downfall Long before it had been surveyed and charted when it was almost as unknown to mariners as the surface of the moon for a few brief months in the autumn of 1588 the Irish coast was caught in the headlights of history

**The Armada in Ireland** Niall Fallon,1978 **Ireland, 1588** Michael Sheane,2023-11-22 In 1588 a fleet of Spanish ships carrying an army of soldiers sailed towards England After meeting up with the Duke of Parma in Flanders their aim was to land an invasion force on English soil and depose the Protestant Queen Elizabeth This fascinating book from Michael Sheane explores Ireland s part in the Armada With a Catholic population Ireland was seen as a safer place to drop anchor obtain provisions and repair the ships that had been pummelled by the wind waves and the English Navy However the Emerald Isle was full of troops that were loyal to the crown and coming ashore was nowhere near as simple a task as the Spanish had hoped With a lack of knowledge of the seas around Ireland s north west and south coasts many

Spanish ships became wrecks which live on in today's memory through the naming of the locations at which they met their dreadful end *Ireland, 1588* Michael Sheane, 2023-11-22 In 1588 a fleet of Spanish ships carrying an army of soldiers sailed towards England After meeting up with the Duke of Parma in Flanders their aim was to land an invasion force on English soil and depose the Protestant Queen Elizabeth This fascinating book from Michael Sheane explores Ireland's part in the Armada With a Catholic population Ireland was seen as a safer place to drop anchor obtain provisions and repair the ships that had been pumelled by the wind waves and the English Navy However the Emerald Isle was full of troops that were loyal to the crown and coming ashore was nowhere near as simple a task as the Spanish had hoped With a lack of knowledge of the seas around Ireland's north west and south coasts many Spanish ships became wrecks which live on in today's memory through the naming of the locations at which they met their dreadful end [The History of Ireland: The Era of Tudor Reign](#) Richard Bagwell, 2022-11-13 Richard Bagwell's *The History of Ireland The Era of Tudor Reign* is an exhaustive scholarly exploration of a pivotal period in Irish history marked by the complex interplay of political power cultural transformation and religious strife Bagwell employs a meticulous narrative style blending detailed primary research with analytical insights thereby situating the Tudor reign within the broader contours of Irish historiography The work resonates with the literary tradition of historical writing characterized by rich descriptions and a keen sense of place illuminating how Tudor policies irrevocably shaped Ireland's socio political landscape during the 16th century Bagwell a distinguished historian and prominent figure in Irish studies draws upon his extensive background in Anglo Irish relations and his academic expertise in early modern history His works underscore his commitment to unveiling the nuances of Ireland's complex past and his passion for the subject is evident in the depth of his research and the clarity of his prose Bagwell's experiences as an Irish nationalist and his scholarly pursuits coalesce in this work providing readers with a critical understanding of the implications of Tudor rule *The History of Ireland The Era of Tudor Reign* is an indispensable resource for scholars students and history enthusiasts alike Its comprehensive examination not only enriches the understanding of Tudor Ireland but also invites readers to reflect on the enduring impacts of this era across centuries This book is essential for anyone seeking to navigate the complexities of Irish history in its formative years [Ireland: Graveyard of the Spanish Armada](#) T. P. Kilfeather, 1967 [A Bibliography of British Naval History](#) George Ernest Manwaring, 1930 *The Problem of Ireland in Tudor Foreign Policy, 1485-1603* William Palmer, 1994 Examination of the influence of Irish affairs on English foreign policy under the Tudors His thesis is simple English policy in Ireland was shaped to a greater extent than has previously been realized by foreign policy and the power politics of the Counter Reformation A brief but important book CHOICE Dr Palmer explores the role of sixteenth century Ireland in considerable depth examining how it changed during times of crisis abroad and how the tensions provoked by the Reformation in England introduced an ideological element into international politics He shows how the failure of Henry's invasions of Scotland and France in the 1540s led to greater

involvement in Ireland by these countries which in turn led to the entry of more and more English officials into Ireland and the implementation of increasingly aggressive policies This study thus shows that Tudor rule in Ireland reflected wider international politics with significant implications WILLIAM PALMER is Professor of History at Marshall University in Huntington West Virginia

**Ireland's Sea Fisheries, 1400-1600** Patrick W. Hayes, 2023 This book examines the environmental political and economic history of Ireland's marine fisheries from 1400 to 1600 It combines a wide range of historical sources with innovative digital research methods to provide a comprehensive and systematic overview Government letters and court documents highlight the diverse range of fishing fleets from across Europe that visited Irish waters in the early sixteenth century bringing wealth and cultural influence to the native Irish who developed complex systems to protect and tax the visitors Furthermore trade records illustrate that fish was Ireland's premier export in the late fifteenth and early sixteenth centuries However a range of factors led to the industry's collapse by the end of the sixteenth century the Tudor conquest which disrupted fishing operations and fundamentally altered who controlled fishing resources the destabilization of Irish waters resulting from the terrestrial conflict which allowed pirates to thrive an influx of cheap cod from the newly exploited fisheries in Newfoundland which changed consumption patterns in Ireland and across Europe and shifting climatic conditions and decades of over exploitation which meant fewer fish and poorer catches Overall the book reveals that fisheries form a vital part of the broader environmental political and economic history of Ireland

*Ireland's Armada Legacy* Laurence Flanagan, 1988 This book published on the 400th anniversary of the Spanish Armada documents the treasures of the Spanish Armada in the Ulster Museum where 95% of the world's authenticated Spanish Armada material is held and affords a unique insight into the organization and equipment of the doomed Spanish fleet The full collection is documented in detail Publisher description
