## **Tiananmen Square Postcard:**

**The Penguins Ate My Postcards** Arlene Pullen, 2008-04-02 *The Penguins Ate My Postcards* tells the story of one woman's connections with people and places as she traveled around the world. It consists of essays grouped by theme of varying lengths and moods. They can be read in any order and independently of one another. Section One provides anecdotes about people the author met in the USSR, Australia, Cambodia, and Europe. Most of their stories are light and entertaining but they all identify some characteristics of human beings in specific situations all of us have faced. Section Two through Section Five describe some of the places the author has traveled. She combines her feelings as she stood atop mountains or glaciers and watched the sun set behind them with the reality of the beauty she was capturing with her camera. Some of the essays are memoirs from the time when Communism ruled a vast part of the world and traveling was different in Iron Curtain countries from what it is now. She takes you on her taxi ride through Checkpoint Charlie in Berlin and on her train ride from Leningrad through the Baltic countries and Poland into East Berlin. Because the author was a teacher, she shares with you some of the literary and historic sites she visited, combining some facts with her impressions and some incidents that occurred in those places. You'll laugh along with her as she compares the people she met with beloved literary characters you'll remember from your high school and college English classes. You'll become pensive when she relates stories about genocide and civil strife in some of the Asian countries she has visited. You'll share some of her professional experiences as she visited schools in South Africa, Cambodia, England, China, and Vietnam, with her focus being on the conditions in which teachers and students interacted for learning. You'll remember the children. Some of the essays contain anecdotes about encounters with penguins in Antarctica, polar bears in the tundra, kangaroos in Australia, and camels in Egypt. The settings of her tales are diverse and the enjoyment of being close to wild animals in their native habitat is strong. You'll walk alongside waterfalls, down mountain trails, within the remains of ancient civilizations, and in buildings constructed for some unique reasons. Section Six deals with the benefits of traveling as the author illustrates some of the rules governing safe travel, especially for a woman traveling alone. She writes about the danger she encountered when the airplane tires blew while the plane was above the Himalayan Mountains and when she walked alone in some remote places. She provides humorous stories dealing with language differences in European countries. One essay extols the value of having a competent travel agent and tour guide, again with anecdotes that identify the relationship she had with agents who prepared some of her trips. Finally, the book answers the most frequently asked question of experienced travelers: What's your favorite place? *The Penguins Ate My Postcards* is an enjoyable collection of informal personal essays that will keep you interested in the people and places being featured as they give you a strong impression of the location in which the events occurred. These essays are not the result of someone's imagination; the incidents actually happened and the author was an eye witness to them. As you read, you'll recognize that the author has separated life into serious situations and light, humorous moods, but she treats all the

participants with the respect and sensitivity necessary to tell their stories Perhaps after you read *The Penguins Ate My Postcards* you'll want to explore the world and find your own adventures Happy reading

**Postcards from China** Sandra Slavin, 2003-11 This book is a compilation of humorous emails written to family and friends during the author's two years living in China They moved to China in August 2000 hoping to escape the hectic lifestyle of living in San Francisco and allow their adopted Chinese daughter an opportunity to learn the language and culture of her birth country This book chronicles their life and provides an intimate look into what it is like to live in China as an American family It reveals how it affected the building of an identity for their Chinese American daughter The author writes about the numerous friends they made among the Chinese people from Glenn their housekeeper to the couple who sold tofu in the market She describes shopping at the local market ordering in local restaurants and describes how the local Chinese live and work This book describes their life full of curiosities and adventures Learn why Chinese men grow long their fifth finger nail how to avoid disaster when traveling to Mongolia how to cross the street and the difficulties in purchasing and getting an egg from market to home After reading the book you may be inspired to try your own adventure

*Different Every Time* Marcus O'Dair, 2014-10-30 Robert Wyatt started out as the drummer and singer for Soft Machine who shared a residency at Middle Earth with Pink Floyd and toured America with Jimi Hendrix He brought a Bohemian and jazz outlook to the 60s rock scene having honed his drumming skills in a shed at the end of Robert Graves garden in Mallorca His life took

an abrupt turn after he fell from a fourth floor window at a party and was paralysed from the waist down He reinvented himself as a singer and composer with the extraordinary album *Rock Bottom* and in the early eighties his solo work was increasingly political Today Wyatt remains perennially hip guesting with artists such as Bjork Brian Eno Scritti Politti David Gilmour and Hot Chip Marcus O Dair has talked to all of them indeed to just about everyone who has shaped or been shaped by Wyatt over five decades of music history [Congressional Record](#) United States. or better manage their differences Strangers across the Border Indian Encounters in Boomtown China captures with a reporter's acuity the twin strategies of cooperation and competition that shape Beijing's India policy and Chinese ideas of India From software parks where techies lesser skilled than their Indian counterparts in Bengaluru demand higher salaries to factories where Hindu idols are churned out in the thousands for sale in India Reshma Patil traces the many spaces where India and China struggle to converge or threaten to collide The state run newspaper Global Times tries to mobilize public sentiment against India with its provocative articles the Chinese police call unannounced at her apartment to check her visa papers But the simple acts of everyday life that she encounters like being saved from being questioned by the border police by a woman taxi driver or the young beauty queen who lives on the Gandhian principle of ahimsa a spiritual need in an atheist regime or the wise professor who encourages his students to rethink the repressive one child policy make her journey much more than a simple journalistic enquiry Finely balanced between the political and the personal this is a nuanced account of a relationship that continues to be an enigma which if unravelled could change the future of 2.5 billion people
