the figure draws breath and Nell is forced to make a decision which will change her life forever From the critically acclaimed author of *The Toymakers* comes an imaginative retelling of the legend of the Minotaur perfect for lovers of historical fiction with a mythical twist such as *Stone Blind* and *Circe Praise for Once a Monster* Imaginative mash up of the mythical with Victorian gothic *The Times* A wonderful magic trick of a story full of very human monsters and monstrous humans *Dinsdale* is a beautiful evocative story teller Stuart Turton bestselling author of *The Seven Deaths of Evelyn Hardcastle* **Index**
