

# THE COLLECTED POEMS OF WORDSWORTH

William Wordsworth (1770–1850) was an English Romantic poet famous for helping to usher in the Romantic Age in English literature with the publication of *Lyrical Ballads* (1798), which he co-wrote with Samuel Taylor Coleridge.

All the poems of *Lyrical Ballads* are presented in this volume together with his 1807 work *Poems, in Two Volumes* and other assorted poems. Wordsworth's wonderful poesy is evocative of the sublime beauty of both nature and the everyday world, not to be missed by poetry lovers and fans of Romantic poetry in particular.

Wordsworth was poet laureate of Britain between 1843 until his death in 1850.

**Time and Mind in Wordsworth's Poetry** Jeffrey Baker, *Time and Mind in Wordsworth's Poetry* Jeffrey Baker, 1980 William Wordsworth was fascinated by the relationship of the creative mind to the created world and by the effect of time on both of them In this important new study Jeffrey Baker explores the significant ways in which the theme of time is manifested in the imagery and diction of Wordsworth s major poetry He discusses the poet s preoccupation with clock and natural time as well as his escape from time through deliberate holiday and in the famous visionary spots of time Throughout his analysis Baker concentrates on the texts which the poet himself approved for publication asserting that the growing practice of citing poetically inferior versions for biographical or other extra poetic reasons misdirects a reader s attention Only by reexamining the familiar poems as poems rather than as philosophical or psychological statements is it possible to appreciate how Wordsworth s changing concepts of the creator the poet and the ambiguities of time function as works of art The volume includes a selected bibliography and an appendix describing the early Christian shrines alluded to in The Prelude
