Real Time Travel Stories From A Psychic Engineer Martin K. Ettington,2022-07-16 There are many unusual stories of persons seeing the future and some who have seen the past Some stories seem to show that persons have actually visited the past and interacted with the people they met I ve had many paranormal experiences myself and visions of the future which I wrote about in two of my own books I m also an Engineer and think this gives me a pretty unique perspective about these phenomena In this book you will read about many different researched cases of people visiting both the past and the future From the evidence this seems to be a much more common occurrence than was previously thought There is also a chapter on theories of how these phenomena might exist That these might be a type of paranormal experience and or involve existing time warps The world is truly much stranger than we can even imagine I hope you enjoy these stories
