Travels In Ancient The World:

Travel in the Ancient World Lionel Casson,1994-02-17 The only book of its kind in any language Travel in the Ancient World offers a lively comprehensive history of ancient travel from the first Egyptian voyages recorded in Old Kingdom inscriptions through Greek and Roman times to the Christian pilgrimages of the fourth and sixth centuries Rich in anecdote and colorful detail it now returns to print in paperback with a new preface by the author **The Cambridge History of**

Travel Writing Nandini Das,Tim Youngs,2019-01-24 Bringing together original contributions from scholars around the world this volume traces the history of travel writing from antiquity to the Internet age It examines travel texts of several national or linguistic traditions introducing readers to the global contexts of the genre From wilderness to the urban from Nigeria to the polar regions from mountains to rivers and the desert this book explores some of the key places and physical features represented in travel writing Chapters also consider the employment in travel writing of the diary the letter visual images maps and poetry as well as the relationship of travel writing to fiction science translation and tourism Gender based and ecocritical approaches are among those surveyed Together the thirty seven chapters here underline the richness and complexity of this genre **Jewish, Christian, and Muslim Travel Experiences** Susanne Luther,Pieter B. Hartog,Clare E.

Wilde,2023-10-04 Travel and pilgrimage have become central research topics in recent years Some archaeologists and historians have applied globalization theories to ancient intercultural connections Classicists have rediscovered travel as a literary topic in Greek and Roman writing Scholars of early Judaism Christianity and Islam have been rethinking long familiar pilgrimage practices in new interdisciplinary contexts This volume contributes to this flourishing field of study in two ways First the focus of its contributions is on experiences of travel Our main question is How did travelers in the ancient world experience and make sense of their journeys real or imaginary and of the places they visited Second by treating Jewish Christian and Islamic experiences together this volume develops a longue dur e perspective on the ways in which travel experiences across these three traditions resembled each other By focusing on experiences of travel we hope to foster interaction between the study of ancient travel in the humanities and that of broader human experience in the social sciences

Class list Salem Mass, publ. libr,1895 **Travel, Pilgrimage and Social Interaction from Antiquity to the Middle Ages** Jenni Kuuliala,Jussi Rantala,2019-10-10 Mobility and travel have always been key characteristics of human societies having various cultural social and religious aims and purposes Travels shaped religions and societies and were a way for people to understand themselves this world and the transcendent This book analyses travelling in its social context in ancient and medieval societies Why did people travel how did they travel and what kind of communal networks and negotiations were inherent in their travels Travel was not only the privilege of the wealthy or the male but people from all social groups genders and physical abilities travelled Their reasons to travel varied from profane to sacred but often these two were intermingled in the reasons for travelling The chapters cover a long chronology from Antiquity to the end of the Middle Ages

offering the reader insights into the developments and continuities of travel and pilgrimage as a phenomenon of vital importance Travel and Travellers of the Middle Ages Arthur Percival Newton,1930 **Scenes from the Life, Labours, and Travels of Paul, the Apostle** Paul (the Apostle, Saint. [Appendix.]),1872 **Jewish Travel in Antiquity** Catherine Hezser,2011 This book provides the first comprehensive study of Jewish travel and mobility in Hellenistic and Roman times based on a critical analysis of Jewish Graeco Roman and early Christian literary epigraphic and archaeological sources and a social historical evaluation of the material Catherine Hezser shows that certain segments of ancient Jewish society were quite mobile Mobility seems to have increased in the later Roman period when an extensive road system facilitated travel within the province of Syria Palestine and the neighbouring Middle Eastern regions Second Temple Judaism was centralized with Jerusalem as its central space and seat of priestly authority In post 70 rabbinic Judaism on the other hand connections between rabbis could be established through mutual visits and second and third degree contacts only Mobility formed the basis of the establishment of a decentralized rabbinic network in Palestine and Babylonia in late antiquity Numerous narrative and halakhic traditions indicate the importance of mobility for communication and the exchange of knowledge amongst rabbis It is argued that the rabbis who were most mobile sat at the nodal points of the rabbinic network and elicited the largest amount of influence They would have combined business travel with scholarly exchange Scholars journeys between Palestine and Babylonia are viewed within the wider context of Rome and Persia s economic and cultural exchange in which Jews just like Christians may have played the role of intermediaries **Travels** William Bartram,1928 Consolations in Travel Sir Humphry Davy,1889 Travel ,1913 Heinrich Heine's Italian Travel Sketches Heinrich Heine,1927 The Outlook Lyman Abbott,Hamilton Wright Mabie,Ernest Hamlin Abbott,Francis Rufus Bellamy,1924 Class List Tufts Library,1900 **Pictures of Travel** Heinrich Heine,1904 Travel Magazine ,1929 Pictures of travel, 1828 Heinrich Heine,1893 **Tiptops of Travel** James Langdon Hill,1925 Dictionary Catalogue ...
