visión que Augusto Pérez el protagonista tiene de su propia vida. En una de sus meditaciones filosóficas el protagonista describe su mundo como un conjunto de pequeños y grandes acontecimientos unos positivos y otros negativos que se combinan para desdibujar su visión de la vida. Una de las escenas más importantes muestra el enfrentamiento entre el protagonista y el novelista que evoca en particular el tema de la inmortalidad imposible y la lucha infructuosa del hombre ante este trágico destino. Miguel de Unamuno y Jugo nació en Bilbao el 29 de septiembre de 1864 y murió en Salamanca el 31 de diciembre de 1936. Fue un escritor y filósofo español perteneciente a la generación del 98. En su obra cultivó gran variedad de géneros literarios como novela, ensayo, teatro y poesía. Fue rector de la Universidad de Salamanca a lo largo de tres períodos. También fue diputado de las Cortes constituyentes de la Segunda República de la que se fue distanciando hasta el punto de secundar la sublevación militar que dio inicio a la Guerra Civil española 1936-1939. Terminó retractándose de ese apoyo desencantado por el exagerado uso de la fuerza bruta de los militares a quienes dijo "Vencer es pero no convencer es". Cuando murió repentinamente llevaba varios días en un insoportable arresto domiciliario.

Research: a Record of Scholarship and Publication University of North Carolina at Chapel Hill. Graduate School, 1973 *Narrative and Self-Understanding* Garry L. Hagberg, 2019-11-15. This exciting new edited collection bridges the gap between narrative and self-understanding. The problem of self-knowledge is of universal interest; the nature or character of its achievement has been one continuing thread in our philosophical tradition for millennia. Likewise, the nature of storytelling, the assembly of individual parts of a potential story into a coherent narrative structure, has been central to the study of literature. But how do we gain knowledge from an artform that is by definition fictional, by definition not a matter of ascertained fact, as this applies to the understanding of our lives? When we see ourselves in the mimetic mirror of literature, what we see may not just be a matter of identifying with a single protagonist, but also a matter of recognizing long-form structures, long-arc narrative shapes that give a place to and thus make sense of the individual bits of experience that we place into those structures. But of course, at precisely this juncture, a question arises: do we make that sense, or do we discover it? The twelve chapters brought together here lucidly and steadily reveal how the matters at hand are far more intricate and interesting than any such dichotomy could accommodate. This is a book that investigates the ways in which life and literature speak to each other.
