Treasured Poems Of America Fall 1995:

Treasured Poems of America, Winter, 1997 Patricia Hamilton, 1996-12-01 Be Encouraged Richard C. "Dick" Mattock Jr., 2010-12-29 Each of us has experienced difficult times when we question our self worth or perhaps battle with confusion disappointment despair or frustration Are you going through a struggle that makes you feel like you are stuck in murky quicksand unable to break free or begin anew I ve lived through times when days seem to be painted a dull drab gray and it appeared I d closed myself off in a human capsule unable to relate to the world around me Many times I ve come to realize that my perceptions of things have created nonexistent monsters like those created in our minds as children However I am learning that God doesn t leave me alone to work through difficult situations by myself like a shipwrecked sailor on a deserted island I find that my poor judgment or bad decision often further complicates the dilemma I m confronting Relief comes to me when I stop blaming God for whatever nightmare I am facing and devote quiet time in prayer with Him God s response doesn t come like a light streaming from the heavens or a bright colorful rainbow shining outside my window it s more like an Alaskan ice cap that slowly begins to thaw and break up with the warmth of the spring rain As I pour out my heartfelt problems to God creative solutions spring forth in my mind like an arrow shot from the quiver of a bow destined to find its mark in the very heart of my problem A new idea and hope emerges that propels me to make a sound decision to rejoin the imperfect human race fight the good fight and run the race of life Through the years I have come to know that God loves us more deeply than we love ourselves God never abandons us but waits patiently and lovingly for us to call out for His help I admit there are times I don t understand His ways However as I put my trust in God by earnestly and honestly seeking His guidance and grace for my life all the difficulties I m having seem to become easier with which to deal Complex issues seem to melt like ice cream on a hot summer day By inviting God to be the rudder of my ship each day my life has taken on a bright new meaning It can be like the excitement of starting to read an exciting new novel wondering what wonderful surprise and blessing God has in store for me in the next pages In sacred scriptures we read that God inhibits the praises and answers the prayers of His people He can and will move the mountains and obstacles that often feel like handcuffs upon our wrists God will bring us comfort peace and joy as we put our trust in Him and give God the freedom to work in our lives May this collection of poems be a source of inspiration to each reader and foster renewed hope in your heart **Subject Guide to Books in Print**, 2001 *Between the Quotes* Charles J. Palmer, Jacqueline Palmer, 1997-04 **One Shot for Gold** Eleanor Herz Swent, 2021-05-04 Winner of the 2023 Clark Spence Award from the Mining History Association An account of the creation of a modern environmentally sensitive mine as told by the people who developed and worked it In 1978 a geologist working for the Homestake Mining Company discovered gold in a remote corner of California s Napa County This discovery led to the establishment of California s most productive gold mine in the twentieth century Named the McLaughlin Mine it produced about 3 4 million ounces of gold between 1985 and 2002 The mine was also one of the first attempts at

creating a new full scale mine in California after the advent of environmental regulations and the first to use autoclaves to extract gold from ore One Shot for Gold traces the history of the McLaughlin Mine and how it transformed a community and an industry This lively and detailed account is based largely on oral history interviews with a wide range of people associated with the mine including Homestake executives geologists and engineers as well as local neighbors of the mine officials from county governments townspeople and environmental activists Their narratives supported by thorough research into mining company documents public records newspaper accounts and other materials chronicle the mine from its very beginning to its eventual end and transformation into a designated nature reserve as part of the University of California Natural Reserve System A mine created at the end of the twentieth century was vastly different from the mines of the Gold Rush New regulations and concerns about the environmental economic and social impacts of a large mine in this remote and largely rural region of the state required decisions at many levels One Shot for Gold offers an engaging and accessible account of a modern gold mine and how it managed to exist in balance with the environment and the human community around it
