is the definitive account of how a few daring entrepreneurs paired raw courage and naked ambition to get paying clients safely up and down Everest. Until the late eighties such a thing was considered impossible. Within a few years Everest guiding was a burgeoning industry. Today ninety percent of the people on the mountain are clients or employees of guided expeditions. Studded with quotes from original interviews with more than a hundred Western and Sherpa climbers, clients, writers, and filmmakers including Jimmy Chin and Conrad Anker, Everest Inc foregrounds the colorful voices of the people who have made the mountain what it is today. As professional climber and author Freddie Wilkinson says, "Whether you are thinking about taking a crack at the world's highest peak or are simply an armchair mountaineer trying to make sense of the complex dynamics driving the modern Everest industry, Everest Inc should be required reading."
