Blueprints for Sustainable Leadership offers a timely and transformative roadmap for businesses seeking purpose-driven growth. Anchored in global and Indian real-world case studies from Infosys and Tata to Unilever and Siemens, this book decodes the practical journey of embedding Environmental, Social, and Governance (ESG) principles into the heart of corporate strategy. Spanning strategic vision, carbon management, social responsibility, circular economy, innovation, and leadership culture, each chapter provides actionable insights that empower leaders to drive meaningful change. With frameworks, metrics, and success stories, the book bridges vision with execution, showing how sustainability can be a catalyst for resilience, innovation, and ROI. Crafted for senior executives, corporate strategists, and forward-thinking professionals, this book is more than a guide; it's a call to action for building a better future. Whether starting your ESG journey or refining your sustainability strategy, *Blueprints for Sustainable Leadership* is your essential companion to thrive in the purpose economy.

Upcycling For Beginners Franchesca Halley, 2021-08-14 If you're the kind of person who hates throwing anything away, we are right there with you. 2021 is a year where sustainability should be at the front of mind, which means there's no better time to turn your unwanted items into gorgeous DIY projects. From reusing old wine corks to creating beautiful table settings to transforming mason jars into rustic chandeliers, these ideas ensure that nothing goes to waste. After all, one person's trash is another's treasure. Right? Upcycling can be fun, and it is a wonderful way to let your creative side loose. There is a difference between upcycling and hoarding, so it is important to not get them confused. With upcycling, you take an item that is old and worn or not being used. You can then make it into something that you do use or that you share with someone else.
