takes up the practice after a short period of time conscious habits are directed to the unconscious part of your brain You do something enough over and over on a given routine or schedule and your conscious brain sends the task to your subconscious Your consciousness has noticed that this is something that doesn't need to be focused on You have done it again and again regularly and repetitively so your brain instantly realizes no conscious effort or focus is needed Since the conscious part of your mind cannot handle too much information at once it is more than happy to give the task over to the incredible processing power of your subconscious By weight loss fitness journaling on a regular schedule your conscious behaviors eventually become unconscious That means your subconscious brain automatically prepares your body and mind for whatever your journaling requires the next time a regularly scheduled food journal session arises How Tracking Progress Makes It Easier Now comes the exciting part You plan to start keeping a weight loss fitness journal that focuses on eating whole foods and maintaining fitness exercises for weight loss You want to eat more healthier foods while cutting back on the types of foods and beverages that are not that good for you You plan on sticking to a diet accompanied with a fitness exercise routine for at least 30 days You have this journal and start tracking and monitor s how it affects you When your desire is to lose weight you will begin to notice food consumption and exercise patterns where your routine behavior either causes your body weight to rise or fall With your conscious effort on losing weight your focus will tend towards what eating behaviors and your physical training schedule at different timing and types of clean whole foods and different exercise routine schedule results and lead you in that direction and away from weight gain So you begin reschedule your tracked exercise program and eating concisely based on your tracker performance You journal your results and you begin to notice your weight loss progression increasing and doing the right exercise with a proven track measurement [New Me Loading - 12 Week Weight Loss Planner](#) BuJo Heaven,2019-09-17 Cute Floral Print Weight Loss Meal Planner A Daily Meal Journal and Tracker to Help You Become the Best Version of Yourself Time to get in better shape over the next 12 weeks with the help of this little diet and fitness diary to ensure you are being accountable and logging your daily and weekly meal and fitness goals Whether your motivation is to get in shape for a special event or to lose that extra pregnancy weight or just to slim down and start living a healthier lifestyle keeping a diary of your journey will help you to achieve your goals This Weight Loss and Fitness Planner Features An about me section for you to fill in where you are in life your goals and motivations Weekly check in sections where you can fill in your weight loss and measurements to ensure that you are on track to a slimmer and healthier you Daily Meal Plan sections for you to plan you meals breakfast lunch dinner and snacks water intake tracker calorie tracker mood tracker and fitness tracker Weekly review sections where you can self reflect on how your week went and any challenges you may have faced along your weight loss journey Weekly Shopping List section for you to track your groceries to help with your meal planning for the week Size 6 x 9 compact travel sized ready to put in your bag and take with you Premium Soft Printed Cover BuJo Heaven are pleased to offer this cute birthday gift note pad in various cover styles please take a look through our
