The Metaverse Matthew Ball,2024-07-23 From the leading theorist of the Metaverse comes the eagerly anticipated revised and updated account of the next internet what the Metaverse is what it will take to build it and what it means for all of us A Hudson Booksellers Amazon Guardian Financial Times Economist and ByteDance Toutiao Best Book of the Year In this substantially revised and updated edition of his internationally best selling book pioneering theorist and entrepreneur Matthew Ball goes beyond the hype cycle to present a definitive account of the future of the internet The Metaverse according to Ball s industry shaping definition is a persistent and interconnected network of 3D virtual worlds that will eventually serve as the gateway to most online experiences and underpin much of the physical world As Ball recounts the Metaverse is a thirty year old term and the core ideas and technologies behind it have been in development for nearly a century Only recently however did this fantastical concept begin to leap from the pages of science fiction and depths of national research labs to the forefront of consumer technology industrial engineering healthcare education dating and more From the history of video games and virtual reality to proto metaverses such as Second Life Fortnite and Roblox to Generative AI and the groundbreaking films and television series of the Walt Disney Company Ball points out that the

Metaverse is already emerging around us and doesn't require a headset. Still, there are many breakthroughs required to fully realize the Metaverse, and he describes each in approachable but expert detail. Ball also lays out how governmental policy, the philosophy of Big Tech leaders, artificial general intelligence, economics, and human rights will shape the development of the Metaverse. Famous for his ability to bring clarity to complex and misunderstood topics, Ball demonstrates that the race to build the Metaverse, also known as the spatial or immersive internet, is only accelerating. The Metaverse will endure as an indispensable guide for enthusiasts, tech aficionados, and anyone curious about the profound transformations underway in our increasingly interconnected world.

Mobile and Ubiquitous Systems: Computing, Networking and Services Takahiro Hara, Hirozumi Yamaguchi, 2022-02-08. This book constitutes the refereed post-conference proceedings of the 18th International Conference on Mobile and Ubiquitous Systems: Computing, Networking and Services (MobiQuitous 2021), which was held in November 2021. The conference was held virtually due to the COVID-19 pandemic. The 37 full papers were carefully reviewed and selected from 79 submissions and present discussions, interaction, and exchange of experiences that will designate future research efforts and directions. Topics addressed by the conference include systems, applications, social networks, middleware, networking, sensing, data management, data processing, and services, all with special focus on mobile and ubiquitous computing.

Risk Management for Video Game Professionals Liam Wickham, 2026-01-22. Game development is a high-stakes, high-pressure world where failure often feels inevitable and success relies on navigating uncertainty. This book gives developers, producers, and leaders the tools to manage risk proactively before it becomes a crisis. Grounded in 30 years of cross-industry experience and enriched by real-world case studies, this book offers a comprehensive practical framework for identifying, analyzing, and mitigating risk across all stages of development, from indie prototyping to AAA multi-studio pipelines. It covers operational, creative, technical, and strategic risks and maps them to game lifecycle stages with clarity and precision. The book is built for the realities of production, and each chapter is paired with actionable templates, toolkits, and conversational techniques designed to help teams spot early warning signs, make better decisions, and build more resilient cultures. Whether you are leading a team through a live ops crunch, juggling dependencies across time zones, or simply trying to avoid the traps that derail so many good games, this book will help you ask better questions, have the right conversations, and treat risk as a creative ally. Become a Risk Management Champion.
