[Transmitting Gender across Generations](#) Elizabeth Summerfield,2022-02-02 The book interrogates the particular and generalisable qualities of the lived experience of gender in the twentieth century across three generations of a family It penetrates the surface appearance of change to uncover the invisible layers beneath that perpetuate the transmission of gender for both women and men Each sex

is seen as enabled or disabled often in binary ways in reaching their full human potential Life stories offer a vehicle to explore not only the hidden depths of individual lives but also the unexamined assumptions of the patriarchal system The book argues that there are alternative forms of personal and collective power that challenge the crude popular concept associated with patriarchy a dynamic of domination and submission It supports the re conceptualisation of power as a cultural focus on the development of the full human potential rational physical and emotional of the collective and the individual It argues that the development of this type of power is the appropriate precedent for entry into the traditional conventions of private and public life that have acted for so long as proxies for the genuine maturation of both sexes and societies more generally

**Children and Nature** Peter H. Kahn, Jr., Stephen R. Kellert, 2002-05-03 For much of human evolution the natural world was one of the most important contexts of children's maturation Indeed the experience of nature was and still may be a critical component of human physical emotional intellectual and even moral development Yet scientific knowledge of the significance of nature during the different stages of childhood is sparse This book provides scientific investigations and thought provoking essays on children and nature Children and Nature incorporates research from cognitive science developmental psychology ecology education environmental studies evolutionary psychology political science primatology psychiatry and social psychology The authors examine the evolutionary significance of nature during childhood the formation of children's conceptions values and sympathies toward the natural world how contact with nature affects children's physical and mental development and the educational and political consequences of the weakened childhood experience of nature in modern society

**The New Teen Age** Ginni Mansberg, Jo Lamble, 2021-06-01 The GP and the psychologist combine forces to share evidence based strategies for raising today's tweens and teens to feel confident and strong Why are today's parents feeling like failures worried that their teens will go off the rails won't get through school won't find a job or will be overwhelmed by stress With so many experts out there offering conflicting advice how do parents know where to turn and who to trust As both clinicians and parents Dr Ginni Mansberg and clinical psychologist Jo Lamble know first hand how challenging it can be to raise adolescents In THE NEW TEEN AGE they team up to address both the physical and psychological issues faced by teens in this new age of social media and 24 hour devices equipping parents and carers with sound strategies for navigating everything from parent child tensions and peer pressure online and in the schoolyard to questions around food sleep exercise screentime body image hormones sexual development skin academic pressure and so much more Packed with empathy and no nonsense advice THE NEW TEEN AGE is a comprehensive guide to raising happy healthy humans in our rapidly changing world Perfect for fans of bestselling The Book You Wish Your Parents Had Read by Philippa Perry Being a parent of a teenager can be daunting How do we help them navigate the modern world while keeping them safe and happy Their physical and psychological changes throw up a whole range of issues that we aren't always equipped to handle Here finally is a practical and direct guide for parents that covers the lot Phew Amanda Keller The
