**The Women of Mormonism** Jennie Anderson Froiseth, 1887 *Heresies of Catholicism...The Apostate Church* John Schroeder, 2003-05-08 Is the longevity of the Catholic Church what Rome says it is Were Christ's Apostles the original Catholics Did Mary the mother of Jesus really help her Son to redeem mankind Was the Gospel Jesus left to His disciples incomplete and in need of many additions to perfect it This book written by a convert from Catholicism to biblical Christianity puts the chief claims and doctrines of the Catholic religion under the divine light of God's Word searches for them in the halls of history combs through the writings of apostolic fathers for evidence of their veracity Chapter by chapter Scripture by Scripture the facade of holiness and patristic authority is peeled away and the true apostate nature of Catholicism is exposed For evangelical Christians this work is a gold mine of information about Catholic doctrines and how to deal with the deeply embedded beliefs of those who call themselves Roman Catholics To the devout Catholic this book will be either a source of enduring anger or a bright neon arrow pointing to the eternal soul saving Word of God *Female Power and Religious Change in the Medieval Near East* Uriel Simonsohn, 2023-02-21 *Female Power and Religious Change in the Medieval Near East* engages with two levels of scholarly discussion that are all too often dealt with separately in modern scholarship the Islamization of the Near East and the place of women in pre modern Near Eastern societies It outlines how these two lines of inquiry can and should be read in an integrative manner Major historical themes such as conversion to Islam Islamization religious violence and the regulation of Muslim non Muslim ties are addressed and reframed by attending to the relatively hidden yet highly meaningful role that women played throughout this period This book is about the history of Islam from the perspective of female social agents It argues that irrespective of their religious affiliation women possessed crucial means for affecting or hindering religious changes not only in the form of religious conversion but also in the adoption of practices and the delineation of communal boundaries Its focus on the role and significance of female power in moments of religious change within family households offers a historical angle that has hitherto been relatively absent from modern scholarship Rather than locating signs of female autonomy or authority in the political intellectual religious or economic spheres *Female Power and Religious Change in the Medieval Near East* is concerned with the capacity of women to affect religious communal affiliations thanks to their kinship ties *Encyclopedia of Women and Islamic Cultures* Suad Joseph, Afsāna Naǧmābādī, 2003 *Family Law and Politics* Volume II of the *Encyclopedia of Women Islamic Cultures* brings together over 360 entries on women family law politics and Islamic cultures around the world [Freedom of Religion, Apostasy and Islam](#) Abdullah Saeed, 2017-03-02 Debate on freedom of religion as a human right takes place not only in the Western world but also in Muslim communities throughout the world For Muslims concerned for this freedom one of the major difficulties is the punishment for apostasy death for those who desert Islam This book argues that the law of apostasy and its punishment by death in Islamic law is untenable in the modern period Apostasy conflicts with a variety of foundation texts of Islam and with

the current ethos of human rights in particular the freedom to choose one's religion Demonstrating the early development of the law of apostasy as largely a religio political tool the authors show the diversity of opinion among early Muslims on the punishment highlighting the substantial ambiguities about what constitutes apostasy the problematic nature of some of the key textual evidence on which the punishment of apostasy is based and the neglect of a vast amount of clear Qur'anic texts in favour of freedom of religion in the construction of the law of apostasy Examining the significant challenges the punishment of apostasy faces in the modern period inside and outside Muslim communities exploring in particular how apostasy and its punishment is dealt with in a multi religious Muslim majority country Malaysia and the challenges and difficulties it faces there the authors discuss arguments by prominent Muslims today for an absolute freedom of religion and for discarding the punishment of apostasy
