The Arab Awakening

George Antonius

The Arab Awakening:

The Arab Awakening, the Story of the Arab National Movement, by George Antonius ... George Antonius, 1945 **The Arab Awakening** George Antonius, 2017-11-16 Excerpt from The Arab Awakening The Story of the Arab National Movement The frequent risings and upheavals which in the preceding three centuries had stirred the Arab world from its torpid passivity under Ottoman dominance do not properly belong to the story Even such movements 3 the rise of Fakhrud din in Syria the establishment of the Wahhabi power in Arabia and the campaigns of Mehmed Ali against his Turkish suzerain must be relegated to the background as being isolated movements due to particular causes rather than steps in the march of an advancing Arab nationalism For all their importance at the time and their ultimate bearing on the destinies of Arab populations they represent the achievements of individual genius goaded by great ambition or great faith not the exertions of suffering idealists moved by the pride of race About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **The Arab Awakening** George Antonius, 2015-03-16 In The Arab Awakening George Antonius details the story of the Arab movement its origins development and obstacles Initially published on the brink of WWII in 1939 this history is the first of its kind in its examination of Arab nationalism from the nineteenth century through the first half of the twentieth century According to Antonius Arab nationalism began stirring under the rule of the Ottoman Empire and erupted with the Arab Revolt which lasted from 1916 to 1918 This book traces the evolution of Arab nationalism from Ottoman colonialism to Anglo French imperialism and finally to political independence Antonius demonstrates how the Arab nationalist movement was a positive force that advocated for political rights Antonius's original research traces the shaping of the modern Middle East and remains of significant historiographical value for scholars and activists Published prior to the creation of Israel Antonius's classic provides the story and significance of Arab nationalism and offers insight on modern problems in the Middle East George Habib Antonius 1891 1942 a Lebanese Egyptian scholar and diplomat was among the first historians of Arab nationalism Antonius graduated from Cambridge University and joined the newly formed British Mandate of Palestine as deputy of the Education Department His groundbreaking research in The Arab Awakening sparked debate on the origins of Arab nationalism the role of the Arab Revolt and the political changes post WWI The Arab Awakening George Antonius, 2013-12-19 First published in 1938 this fine book is the first study of the Arab national movement ever written The whole of this brilliantly written book moves at the same plane of objective and critical scholarship Daily Telegraph London A good book written by a scholar an expert on the

subject and a resident in the country a very excellent and extremely able book The Observer London *"The" Arab Awakening* George Antonius,1938 **ARAB AWAKENING** GEORGE. ANTONIUS,2018 **"The Arab Awakening", a Source for the Historian?** Sylvia G. Haim,1953* **The Arab Awakening** Kenneth M. Pollack,Daniel L. Byman,Akram Al-Turk,2011-10-01 Even the most seasoned Middle East observers were taken aback by the events of early 2011 Protests born of oppression and socioeconomic frustration erupted throughout the streets public unrest provoked violent police backlash long established dictatorships fell How did this all happen What might the future look like and what are the likely ramifications for the United States and the rest of the world In *The Arab Awakening* experts from the Brookings Institution tackle such questions to make sense of this tumultuous region that remains at the heart of U S national interests The first portion of *The Arab Awakening* offers broad lessons by analyzing key aspects of the Mideast turmoil such as public opinion trends within the Arab Street the role of social media and technology socioeconomic and demographic conditions the influence of Islamists and the impact of the new political order on the Arab Israeli peace process The next section looks at the countries themselves finding commonalties and grouping them according to the political evolutions that have or have not occurred in each country The section offers insight into the current situation and possible trajectory of each group of countries followed by individual nation studies *The Arab Awakening* brings the full resources of Brookings to bear on making sense of what may turn out to be the most significant geopolitical movement of this generation It is essential reading for anyone looking to understand these developments and their consequences *"The Arab Awakening"* Sylvia Kedourie,1953

The Arab Awakening Kenneth Michael Pollack,2011 Analyzes key aspects of the 2011 Mideast turmoil such as Arab public opinion socioeconomic and demographic conditions the role of social media influence of Islamists the impact of political changes on the Arab Israeli peace process and ramifications for the United States and the rest of the world Also provides country by country analysis of Middle East political evolution Provided by publisher **"The" Arab Awakening** George Antonius,1939 Based on the period of the first World War and soon afterward **Rethinking Nationalism in the Arab Middle East** James P. Jankowski,I. Gershoni,1997 Moving beyond prevailing political approaches and perspectives the essays in this volume uncover the psychological linguistic and cultural causes of Arab nationalism since World War I *Arab Awakening and Islamic Revival* Martin Kramer,2017-07-05 Over the past decade the political ground beneath the Middle East has shifted Arab nationalism the political orthodoxy for most of this century has lost its grip on the imagination and allegiance of a new generation At the same time Islam as an ideology has spread across the region and Islamists bid to capture the center of politics Most Western scholars and experts once hailed the redemptive power of Arabism Arab Awakening and Islamic Revival is a critical assessment of the contradictions of Arab nationalism and Islamic fundamentalism and the misrepresentation of both in the West The first part of the book argues that Arab nationalism the so called Arab awakening bore within it the seeds of its own failure Arabism as an idea drew upon foreign sources and resources Even as it

claimed to liberate the Arabs from imperialism it deepened intellectual dependence upon the West's own romanticism and radicalism. Ultimately Arab nationalism became a force of oppression rather than liberation and a mirror image of the imperialism it defied. Kramer's essays together form the only chronological telling and the most fully documented postmortem of Arabism. The second part of the book examines the similar failings of Islamism whose ideas are Islamic reworkings of Western ideological radicalism. Its effect has been to give new life to old rationales for oppression, authoritarianism and sectarian division. Arab Awakening and Islamic Revival provides an alternative view of a century of Middle Eastern history. As the region moves fitfully past ideology, Kramer's perspective is more compelling than at any time in the past. In Western academe no less than among many in the Middle East, this book will be of interest to sociologists, political scientists, economists and Middle East specialists.

Beyond the Arab Awakening Breisinger, Clemens, Ecker, Olivier, Al-Riffai, Perrihan, Yu, Bingxin, 2012. This report aims to inform and stimulate the debate on key policy priorities for poverty reduction and food security in light of the Arab Awakening. Its findings are based on an innovative combination of datasets and rigorous economic analysis. Results suggest that poverty and income inequality in the Arab world are likely higher than official numbers have long suggested. Given that poverty indicators seem to be misleading for many countries in the region, the report introduces a new welfare measure reflecting food insecurity risks at both national and household levels to classify Arab countries into five risk groups. Regression analyses further show that, unlike in the rest of the world, manufacturing and service sector-led growth rather than agriculture-led growth is most pro-poor in Arab countries. In addition, high levels of public spending in the Arab world do not do as much to stimulate growth as in other world regions, particularly in the case of education. Three key policy recommendations emerge from this report: 1. improve data and capacity as the basis for evidence-based decisionmaking; 2. foster growth that enhances food security at national and household levels; and 3. significantly enhance the efficiency and retool the allocation of public spending. More generally, the report argues that the region urgently needs national dialogues about societies, joint vision and economic development strategies. Successful design and implementation of these strategies will require visionary leadership, sound laws and institutions, politicians who are accountable and listen to the voices of the people and civil society that is patient and accepts the tenets of democracy. The Arab world is awake; it is time to move forward.

The Second Arab Awakening Marwan Muasher, 2014-01-28. This important book is not about immediate events or policies or responses to the Arab Spring. Instead, it takes a long, judicious view of political change in the Arab world, beginning with the first Awakening in the nineteenth century and extending into future decades when, if the dream is realized, a new Arab world defined by pluralism and tolerance will emerge. Marwan Muasher, former foreign minister of Jordan, asserts that all sides—the United States, Europe, Israel, and Arab governments alike—were deeply misguided in their thinking about Arab politics and society when the turmoil of the Arab Spring erupted. He explains the causes of the unrest, tracing them back to the first Arab Awakening, and warns of the forces

today that threaten the success of the Second Arab Awakening ignited in December 2010 Hope rests with the new generation and its commitment to tolerance diversity the peaceful rotation of power and inclusive economic growth Muasher maintains He calls on the West to rethink political Islam and the Arab Israeli conflict and he discusses steps all parties can take to encourage positive state building in the freshly unsettled Arab world DIV *The Second Arab Awakening* Jon Kimche,1970 Discusses the movements and processes by which Arabs have freed themselves from the tutelage of one Great Power after another and the impacts of these on the region *The Arab Awakening* Konstantin Stanislavsky,1938 **The Arab Awakening : The Story of the Arab Nationalist Movement** Georges Antonius,1946 **The Arab Awakening** George Antonius,1969 Studie over de oorsprong geschiedenis en voornaamste problemen van de nationalistische beweging in de Arabische landen beginnend in 1847 **The Second Arab Awakening: Revolution, Democracy, and the Islamist Challenge from Tunis to Damascus** Adeed Dawisha,2013-04-08 Discusses the recent uprisings in the Arab world and offers a historical perspective on the movement citing the demands for regime change in 1950s and 1960s that ultimately lead to today s ruling tyrants

Getting the books **The Arab Awakening** now is not type of inspiring means. You could not abandoned going with book store or library or borrowing from your links to right of entry them. This is an categorically simple means to specifically acquire lead by on-line. This online revelation The Arab Awakening can be one of the options to accompany you later than having extra time.

It will not waste your time. undertake me, the e-book will certainly space you additional issue to read. Just invest little epoch to retrieve this on-line statement **The Arab Awakening** as without difficulty as evaluation them wherever you are now.
