Arab Bureau Bruce C. Mohs, 2010-04-05 Military Intelligence and the Arab Revolt examines the use and exploitation of intelligence in formulating Britain's strategy for the Arab Revolt during the First World War It also presents a radical re-examination of the achievements of T.E. Lawrence Lawrence of Arabia as an intelligence officer and guerrilla leader Modern intelligence techniques such as Sigint Imint and Humint were incorporated into strategic planning with greater expertise and consistency in Arabia than in any other theatre during the war and their deployment as tactical support for the Arab forces was decisive Using much previously unpublished material this study shows conclusively how Britain's intelligence community in Arabia influenced the conduct of the Arab campaign promoted a full scale guerrilla war and thereby facilitated the Arab armies march north into Syria Palestine and the modern Middle East Polly A Mohs contributes to the unveiling of another hidden corner of the history of the Middle East and to a better understanding of the significance of intelligence in formulating strategic processes in the modern era Military Intelligence and the Arab Revolt will be of much interest to students of intelligence studies military history Middle East history British imperial history guerrilla warfare and insurgency *The Arab Bureau*, 2026 [Lawrence of Arabia's Secret Dispatches During the Arab Revolt, 1915-1919](#) T.E. Lawrence, 2021-07-21 T.E. Lawrence's dispatches during the Arab Revolt have been published before but only in an edited and incomplete form as they were printed for a strictly limited wartime readership in the Arab Bulletin Now in this scholarly edition they are published in full for the first time They give us a direct

inside view of his dealings with the Arab leaders and show us how he presented them to his superiors in Cairo These wartime writings reveal vividly his impressions of the periods he spent in the desert and the conditions he found there and they record how the Arab uprising developed and how he became increasingly involved in it They make fascinating reading for in his sometimes outspoken way he reported on the military potential of the Arab fighters and recommended how they should be supported in their struggle against the Ottoman empire This new collection of his dispatches is a valuable addition to the literature on Lawrence for it allows readers to trace the course of the revolt as he wrote about it at the time They are printed in chronological order with full explanatory notes The editor Fabrizio Bagatti provides a perceptive introduction which sets them in their wartime context fills in the military and political background to the strategic situation in the Middle East and describes Lawrence s important role as an intermediary between the Arabs and the British The Arab Bulletin, Bulletin of the Arab Bureau in Cairo, 1916-1919 , Arab Bulletin ,1986 Lawrence was the first editor of the Arab Bureau s top secret publication the Arab bulletin and later became a contributor from the field during the Arab campaign This irregular serial publication thus contains the first published records by Lawrence of the Arab campaign His contributions were gathered and published later in Secret dispatches 1939 O Brien **Middle East Discussion Group** ,1945 **Seven Pillars of Wisdom** Thomas Edward Lawrence,1926 **The Atlantic Monthly** ,1926 **Imperialists All** Bruce Cornelius Westrate,1985 *The Periodical* ,1928 **Quarterly Statement** Palestine Exploration Fund,1928 **Travels in North Africa** Nahum Slouschz,1927 **Arabian Jubilee** Harry St. John Bridger Philby,1953 **The Boys' Life of Colonel Lawrence** Lowell Thomas,1928 **Mark Sykes** Shane Leslie,1923 Geography ,1927 Includes section Reviews and other bibliographical material Journal of the Royal Central Asian Society Royal Central Asian Society,1918
