The Arabs A Compact History:

The Arabs Francesco Gabrieli, Salvator Attanasio, 1953 *The Arabs, a Compact History. Translated by Salvator Attanasio* Francesco Gabrieli, THE PRINCIPLES OF SHARI'AH: TEXTS AND MATERIALS HASBOLLAH BIN MAT SAAD, 2020-05-07 Compilation Series The Principles of Shari ah Texts and Materials is a solid application oriented text for students taking law subjects focusing on the Shari ah matters Many new features make this edition a richer and stronger learning resource for students Several factors motivated the authors to write this book After having the experience in legal field and teaching for more than 20 years it became clear that there was a definite need for more detail materials in this area In addition there was need for a book which would give full recognition to an easier method and the authors felt it was time for a text which would develop the ideas and methods with this in mind This book covers a thorough discussion of the development of Islamic Law in Malaysia A major audience for the book will be students studying the law subjects The order of topics however provides a degree of flexibility so that the book can be of interest to different readers through basic concepts until the advanced concepts i e the discussion of the areas in a very comprehensive manner The purpose of this book is to take the readers on an introduction to the principles of Shari ah by which the meaning of such subject at basic level is better understood Hopefully this book can be benefited by the readers in their journey to success *Pop Culture in North Africa and the Middle East* Andrew Hammond, 2017-05-22 Ideal for students and general readers this single volume work serves as a ready reference guide to pop culture in countries in North Africa and the Middle East covering subjects ranging from the latest young adult book craze in Egypt to the hottest movies in Saudi Arabia Part of the new Pop Culture around the World series this volume focuses on countries in North Africa and the Middle East including Algeria Egypt Iran Iraq Israel Jordan Kuwait Lebanon Libya Morocco Saudi Arabia Syria the United Arab Emirates and more The book enables students to examine the stars idols and fads of other countries and provides them with an understanding of the globalization of pop culture An introduction provides readers with important contextual information about pop culture in North Africa and the Middle East such as how the United States has influenced movies music and the Internet how Islamic traditions may clash with certain aspects of pop culture and how pop culture has come to be over the years Readers will learn about a breadth of topics including music contemporary literature movies television and radio the Internet sports video games and fashion There are also entries examining topics like key musicians songs books actors and actresses movies and television shows popular websites top athletes games and clothing fads and designers allowing readers to gain a broad understanding of each topic supported by specific examples An ideal resource for students the book provides Further Readings at the end of each entry sidebars that appear throughout the text providing additional anecdotal information appendices of Top Tens that look at the top 10 songs movies books and much more in the region and a bibliography *Prophets and Princes* Mark Weston, 2008-07-28 Saudi Arabia oil rich devoutly Muslim and a vital ally To many in the West Saudi Arabia is easy to

criticize It is the birthplace of Osama bin Laden and fifteen of the nineteen 9 11 hijackers Saudi women are not permitted to drive work with men or travel without a man s permission Prior to 9 11 the Saudis sent millions of dollars abroad to schools that taught Muslim extremism and to charities that turned out to be fronts for al Qaeda In Prophets and Princes a highly respected scholar who has lived in Saudi Arabia contends that despite these serious shortcomings the kingdom is still America s most important ally in the Middle East a voice for moderation toward Israel and a nation with a surprising ability to make many of the economic and cultural changes necessary to adjust to modern realities Author Mark Weston offers an objective and balanced history of the only nation on earth named after its ruling family Drawing on interviews with many Saudi men and women Weston portrays a complex society in which sixty percent of Saudi Arabia s university students are women and citizens who seek a constitutional monarchy can petition the king without fear of reprisal Filled with new and underreported information about the most controversial aspects of life in Saudi Arabia Prophets and Princes is a must read for anyone interested in the Middle East oil Islam or the war on terror [The Muslim Contribution to Mathematics](#) Ali Abdullah Al-Daffa',2020-09-10 This book first published in 1977 discusses the Muslim contribution to mathematics during the golden age of Muslim learning from the seventh to the thirteenth century It was during this period that Muslim culture exerted powerful economic political and religious influence over a large part of the civilised world The work of the Muslim scholars was by no means limited to religion business and government They researched and extended the theoretical and applied science of the Greeks and Romans of an earlier era in ways that preserved and strengthened man s knowledge in these important fields Although the main object of this book is to trace the history of the Muslim contribution to mathematics during the European Dark Ages some effort is made to explain the progress of mathematical thought and its effects upon present day culture Certain Muslim mathematicians are mentioned because of the important nature of their ideas in the evolution of mathematical thinking during this earlier era Muslim mathematicians invented the present arithmetical decimal system and the fundamental operations connected with it addition subtraction multiplication division raising to a power and extracting the square root and the cubic root They also introduced the zero symbol to Western culture which simplified considerably the entire arithmetical system and its fundamental operations it is no exaggeration if it is said that this specific invention marks the turning point in the development of mathematics into a science [University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Subjects](#) University of California (System). Institute of Library Research,University of California, Berkeley,1972 *A Companion to Global Historical Thought* Prasenjit Duara,Viren Murthy,Andrew Sartori,2014-01-21 A COMPANION TO GLOBAL HISTORICAL THOUGHT A Companion to Global Historical Thought provides an overview of the development of historical thinking from the earliest times to the present directly addressing issues of historiography in a globalized context Questions concerning the global dissemination of historical writing and the relationship between historiography and other ways of representing the past have

become important not only in the academic study of history but also in public arenas in many countries With contributions from leading international scholars the book considers the problem of the global in the multiplicity of traditions of narrating the past in the global dissemination of modern historical writing and of the global as a concept animating historical imaginations It explores the different intellectual approaches that have shaped the discipline of history and the challenges posed by modernity and globalization while illustrating the shifts in thinking about time and the emergence of historical thought Complementing *A Companion to Western Historical Thought* this book places non Western perspectives on historiography at the center of discussion helping scholars and students alike make sense of the discipline at the start of the twenty first century
