The Art Of Bacchylides

S. R. Slings, Ija Leonard Pfeijffer

The Art Of Bacchylides:

The Art of Bacchylides Anne Pippin Burnett, 1985 Anne Burnett shows us the art of Bacchylides in the context of Greek lyric traditions She discusses the beginnings of choral poetry and the functions of the choral myth she describes the purposes of the victory song in particular and the practices of Bacchylides and Pindar as they fulfilled their victory commissions In analyzing individual poems Burnett s approach is two fold for each ode is seen as a choral performance reflecting archaic cult practice while it is also studied as the expression of a particular poetic vision and sensibility Thus the formal elements of the Bacchylidean victory songs are recognized as the response of a chorus which must give semi religious praise to a noble athlete or prize winning prince in times of increasing democracy At the same time an artistry and an ethic peculiar to Bacchylides are discovered in the manipulation of fictions and mythic materials *The Narrative Art of Bacchylides* Gordon Kirkwood, 1966

The Art of History Vasileios Liotsakis, Scott T. Farrington, 2016-09-26 A significant trend in the study of Greek and Roman historiographers is to accept that their works are to a degree both science and fiction As scholarly interest broadens in addition to evaluating ancient historians on the basis of the reliability of the information they record and verifying the narratives against various elements of the material inscriptions excavations numismatics new studies are beginning to elaborate on the stylistic and narrative qualities of the texts themselves The present volume offers a fine collection of essays that on the whole emphasize the literary dimensions of the ancient Greek and Roman historians Offering narratological linguistic and theoretical approaches to historiography the contributors of the book elaborate on the intersections between historiography and other literary genres the literary manipulation of military events and the criteria of selectivity the reception of ancient historical texts in other genres time and space in historical narrative and plenty of other relevant topics The shared belief of the authors is that there is a close interrelation between the literary features and the scientific value of ancient Greek and Roman historiography **Bacchylides** Sir Richard Claverhouse Jebb, 1905

Bacchylides David Fearn, 2007-07-12 An original and wide ranging study of the Greek lyric poet Bacchylides exploring his engagement with poetic tradition and evaluating the complex relationship of the poetry to its multiple contexts of performance **Bacchylides** Bacchylides Bacchylides, 2016-09-28 Excerpt from Bacchylides The Poems and Fragments It is by considerations such as these that the scope of the present edition has been determined I have endeavoured to combine criticism and interpretation with a treatment of the poems as literature and thus to contribute though it be only a little towards obtaining for them that place in our Greek studies which they appear well fitted to hold For such a purpose it was not enough to explain and illustrate the odes themselves it was necessary also to aim at conveying some idea of the surroundings amidst which the poet worked of his relation to contemporaries and of his place in the historical development of the Greek lyric About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art
