Through The Russian Prism:

Through the Russian Prism Joseph Frank,1990 Essays probe the culture that spawned the great novels of Dostoevsky and explore the author's influence on world literature *Orthodoxy, Modernity, and Authenticity* Heather Bailey,2020-10-21 Ernest Renan was one of the most renowned European intellectuals of the second half of the nineteenth century Yet the impact of his most popular work *Life of Jesus* has been underestimated when not altogether ignored While commonplace now the idea that Jesus was merely human was at one time a novelty with significant socio political cultural and religious implications A case study in the Russian encounter with modernity *Orthodoxy Modernity and Authenticity The Reception of Ernest Renan's Life of Jesus in Russia* demonstrates that Renan's book has had long lasting and broad appeal in Russia because it presents an alternative to a strictly materialist worldview on the one hand and an Orthodox worldview on the other Renan offered his readers the possibility to accept the tenets of modernity while still retaining both an admiration for the importance of religion in history and a sense of religious feeling or even belief in a higher religious ideal Assessments of Renan's alternative belief system whether positive negative or mixed were often simultaneously evaluations of the moral socio political and spiritual condition of European society in general and Russian society in particular The interpretive history of Renan's *Life of Jesus* in Russia reveals a persistent disillusionment with a strictly materialist interpretation of history and of life The Great Sea David Abulafia,2011-06-01 Connecting Europe Asia and Africa the Mediterranean Sea has been for millennia the place where religions economies and political systems met clashed influenced and absorbed one another In this brilliant and expansive book David Abulafia offers a fresh perspective by focusing on the sea itself its practical importance for transport and sustenance its dynamic role in the rise and fall of empires and the remarkable cast of characters sailors merchants migrants pirates pilgrims who have crossed and re crossed it Ranging from prehistory to the 21st century The Great Sea is above all a history of human interaction Interweaving major political and naval developments with the ebb and flow of trade Abulafia explores how commercial competition in the Mediterranean created both rivalries and partnerships with merchants acting as intermediaries between cultures trading goods that were as exotic on one side of the sea as they were commonplace on the other He stresses the remarkable ability of Mediterranean cultures to uphold the civilizing ideal of convivencia living together Now available in paperback The Great Sea is the definitive account of perhaps the most vibrant theater of human interaction in history *Dostoevskii: Stat'i i Materialy*,2014 The Engineer,1870 *Decolonization of Kazakhstan* Ainash Mustoyapova,2023-09-21 This book is devoted to the problem of the decolonization of Kazakhstan which is considered in the framework of postcolonial studies The author raises issues of identity historical and socio cultural heritage of nomads In addition the book examines and destroys colonial and Soviet myths and stereotypes concerning the history lifestyle and traditions of the Kazakhs Considering that imperial sentiments are increasing in Russia as a former metropolis the process of decolonization seems to be urgently necessary for Kazakhstan And this process is beginning to

develop actively This fascinating polemic will interest historians scholars trying to understand the former Soviet space and scholars of Eurasia *Russian History*, 1994 *Russian and Independent Greece* Lucien J. together articles from the journal's inception through 1914 representing the work of the first two generations of Jewish immigrants to America. This volume provides us with an invaluable account of American Jewish intellectual thought at the turn of the century, allowing us to trace the process by which this intellectual elite, with its imported Russian cultural identity, adjusted to the ever-evolving milieu of a new nation.
