Tibetan Nationalism:

Tibetan Nation Warren Smith, 2019-07-31 This detailed history offers the most comprehensive account available of Tibetan nationalism Sino Tibetan relations and the issue of Tibetan self determination Warren Smith explores Tibet s ethnic and national origins the birth of the Tibetan state the Buddhist state and its relations with China Tibet s quest for independence and the Chinese takeover of Tibet after 1950 Focusing especially on post 1950 Tibet under Chinese Communist rule Smith analyzes Marxist Leninist and Chinese Communist Party nationalities theory and policy their application in Tibet and the consequent rise of Tibetan nationalism Concluding that the essence of the Tibetan issue is self determination Smith bolsters his argument with a comprehensive analysis of modern Tibetan and Chinese political histories *The Politics of Language Oppression in Tibet* Gerald Roche, 2024-11-15 In *The Politics of Language Oppression in Tibet* Gerald Roche sheds light on a global crisis of linguistic diversity that will see at least half of the world s languages disappear this century Roche explores the erosion of linguistic diversity through a study of a community on the northeastern Tibetan Plateau in the People s Republic of China Manegacha is but one of the sixty minority languages in Tibet and is spoken by about 8 000 people who are otherwise mostly indistinguishable from the Tibetan communities surrounding them Recently many in these communities have switched to speaking Tibetan and Manegacha faces an uncertain future The author uses the Manegacha case to show how linguistic diversity across Tibet is collapsing under assimilatory state policies He looks at how global advocacy networks inadequately acknowledge this issue highlighting the complex politics of language in an inter connected world *The Politics of Language Oppression in Tibet* broadens our understanding of Tibet and China the crisis of global linguistic diversity and the radical changes needed to address this crisis *Tibet's Last Stand?* Warren W. Smith Jr., 2009-12-16 This book offers a definitive account of the origins and events of the 2008 Tibetan uprising which began with peaceful demonstrations by monks of Lhasa s great monasteries on the anniversary of the 1959 revolt Noted expert Warren W Smith Jr argues that the uprising was a widespread response to the conditions of Chinese rule over Tibet which revealed much about Tibetan nationalism and even more about Chinese nationalism Interpreting the Tibetan uprising as an attempt to spoil the Beijing Olympics China s hard line response was repression patriotic education and propaganda blaming the disturbances on the Dalai clique and hostile Western forces Smith contends that China s offensive is based upon a belief that China now has sufficient economic and political influence to make the world thoroughly revise its mistaken knowledge about the Tibet issue He convincingly shows that far from becoming more lenient in response to Tibetan discontent China has determined to eradicate Tibetan opposition internally and coerce the international community to conform to China s version of Tibetan history and reality

The Tibetan Independence Movement Jane Ardley, 2003-08-27 Tibet has been occupied for over fifty years yet no progress has been made in solving the Tibetan problem The first serious analysis of the Tibetan independence movement this book is also the first to view the struggle from a comparative perspective making an overt comparison with the Indian independence movement It rectifies the problem that the Tibetan independence movement is not taken seriously from a political perspective The book is particularly concerned with the relationship between Buddhism and Tibetan politics and resistance comparing this with the relationship between Hinduism and Gandhian political thought It also expands on the limited literature concerning violent resistance in Tibet examining guerilla warfare and the hunger strike undertaken by the Tibetan Youth Congress in 1998 rejecting the Shangri laist approach to Tibetan resistance

China's Tibet? Warren W. Smith Jr., 2008-05-16 This groundbreaking book explores China's efforts to assimilate Tibet in the process rewriting Tibetan history to conform to Beijing's goals Warren Smith provides the historical context for understanding the current situation through an overview of China's actual as opposed to its promised policies toward Tibet over time His clear-eyed appraisal of Chinese policy convincingly shows that the PRC's ultimate intention is assimilation rather than autonomy The author argues that Beijing fears that any genuine autonomy or dialogue with the Dalai Lama will fuel renewed nationalism in China's Tibet as the Chinese leadership calls its possession The book highlights China's past and current propaganda on Tibet to demonstrate China's sensitivity and defensiveness regarding the legitimacy of its rule It traces the history of Sino-Tibetan dialogue to show how China has tried to use it to defuse Tibetan exile and international criticism while making no concessions in regard to Tibetan autonomy In the absence of any solution Smith advocates the promotion of Tibet's right to self-determination as the most viable strategy for sustaining international attention and maintaining the most essential elements of Tibetan national identity Smith's thoroughly informed work will be valuable not only to Tibet experts and students but also to the larger world of Tibet activists sympathizers and others attempting to understand China's policies

Tibet Paul Christiaan Klieger,2021-04-22 The history of Tibet has long intrigued the world and so has the dilemma of its future will it ever return to independence or will it always remain part of China How will the succession of the aging and revered Dalai Lama affect Tibet and the world This book makes the case for a fully Tibetan independent state for much of its 2 500 year existence but its story is a complex one A great empire from the seventh to ninth centuries in 1249 Tibet was incorporated as a territory of the Mongol Empire which annexed China itself in 1279 Tibet reclaimed its independence from China in 1368 and although the Manchus later exerted their direct influence in Tibetan affairs by 1840 Tibet began to resume its independent course until communist China invaded in 1950 And since that time Tibetan nationalism has been maintained primarily by over 100 000 refugees living abroad This book is a valuable fascinating account of a region with a rich history but an uncertain future
