Till Babylon Falls Bryan Rostron, 1991 *The Jewish prophets from the Babylonian captivity till the close of the Old Testament canon* Jewish Prophets, 1878 *The Jewish Prophets from the Babylonian Captivity Till the Close of the Old Testament Canon*, 188? Chronology and Prophecy Made Plain William Sheldon, 1869 **REVELATION** Kevin Hartley, 2022-12-28 Revelation Understanding the Age is just as the title indicates it is a biblical commentary on the book of Revelation that interprets the book as it intends to be interpreted describing this present age wherein the eternal will of God is being accomplished by way of the conquest of the Lamb unto judgment and salvation in the end It is a truly amillennial commentary on Revelation In the likes of Ramsey and Hendriksen this book focuses upon the true biblical insights of Revelation It is designed to accentuate the glory and majesty of our Christ and King in the advance of His kingdom in this present age With the overabundance and saturation of books and commentaries available on the book of Revelation this book stands out as one of sound biblical exegesis in accordance with true Reformed theology focusing upon the design and intent of the book as both an epistle useful for the soul and as prophetic material intended to encourage embolden and find use in the furtherance of the faith of God's elect in this present last age The book follows the biblical hermeneutic of scripture interpreting scripture It relies upon the text and not circumstances of the day to explain the truth of the content of our Lord's final word to us in these last days It mollifies the imagination and myths of those that have done a great disservice to the church and our Lord's kingdom by relegating most of the book's content to a future age Here is a commentary that will rightly afford the reader with the tools and understanding necessary to put the book to its proper use today **Umkhonto we Sizwe** Thula Simpson, 2016-03-01 The armed struggle waged by the ANC's military wing Umkhonto we Sizwe MK was the longest sustained insurgency in South African history This book offers the first full account of the rebellion in its entirety from its early days in the 1950s to the inauguration of Nelson Mandela as South African president in 1994 Vast in scope this story traverses every corner of South Africa and extends throughout southern Africa where MK's largest campaigns and heaviest engagements occurred as well as to the solidarity networks that the rebellion mobilised around the world Drawing principally from previously unpublished writings and testimonies by the men and women who fought the armed struggle this book recreates the drama heroism and tragedy of their experiences It tells the story of leaders like Nelson Mandela Oliver Tambo Joe Slovo and Chris Hani whose reputations were forged in the crucible of the armed struggle but it is also a tale of martyrs such as Looksmart Ngudle Ashley Kriel and Phila Ndwandwe as well as of MK cadres such as Leonard Nkosi and Glory Sedibe who would ultimately turn against the ANC and collaborate with the state in hunting down their former comrades Written in a fresh immediate style Umkhonto we Sizwe is an honest account of the armed struggle and a fascinating chronicle of events that changed South African history *The Fall of Babylon and the Triumph of the Kingdom of God* Walter J. Alexander HISLOP (Minister of the East Free Church, Arbroath.),1871 *The New Testament of our Lord and Saviour Jesus Christ* Christopher Wordsworth,1872 *Egypt My People... and Israel My Inheritance* Daniel C. Timmer,2025-07-01 Few parts of the OT are more challenging to read than the prophets Not only are so called messianic passages relatively rare but apart from Jonah these books seem to present a message that is particularly negative if not xenophobic when it comes to the nations Daniel Timmer contends that this impression is not only mistaken but diametrically opposed to the books message Following the direction established by God s foundational promise to Abram in Genesis 12 Timmer examines the presentation of the nations in the Latter Prophets in their original contexts through the NT and into the church s contemporary mission He explains how the prophets negative presentations of the nations fit into God s purpose to redeem people from every tribe and nation and explores the radical significance of the prophets frequent predictions that non Israelites will become integral members of God s chosen people The volume also deals with practical issues including the place of ethnicity and nationality in Christian identity and the church s fraught relationships with secular and political power structures
