Treachery On The Dark Side:

The Wild Fruit of Happy Treachery André Roux Barendse, Sometimes in the stranger places of the universe you find that the truth is not inappropriate Sometimes these secret secrets sneak into the public domain in the form of books or it may just be yet another sneaky sales pitch to make think you re buying the secret truth leaving you even more confused than before This may be either one of those books

Treachery on the Dark Side Steven Burgauer,2000 His boots heavy with mud Fornax Nehrengel marched zombie like through the bleak and raw dawn He wore the face of exhaustion wincing as each step brought forth a fresh dose of pain from the untreated blister oozing puss from between his toes His dark skin and hair were grimy his legs and arms sore From deep within his belly an unheated breakfast of gruel protested its confinement Indifference deadened his spirit and his eyelids drooped with fatigue The black scowl etched into his face said it all Fear Exhaustion Pain Through chapped and broken lips Fornax Nehrengel silently cursed his plight He was not a brave man Indeed he found it curiously ironic that he should be fighting to defend a flag he paid scant allegiance to Fornax resented being here and desertion was on his mind Now join Fornax Nehrengel on an intense light speed adventure that zooms from the moon to Mars and back again With him is an undercover Secret Service agent a crusty old economics professor a nefarious brother and a hot blooded young woman And chasing them A power hungry elite intent on stealing what could be mankind s most important invention since the internal combustion engine Who said science fiction can t be sexy and fun at the same time

Traitors Sharika Thiranagama,Tobias Kelly,2011-07-06 The figure of the traitor plays an intriguing role in modern politics Traitors are a source of transgression from within creating their own kinds of aversion and suspicion They destabilize the rigid moral binaries of victim and persecutor friend and enemy Recent history is stained by collaborators informers traitors and the bloody purges and other acts of retribution against them In the emergent nation state of Bhutan the specter of the antinational traitor helped to transform the traditional view of loyalty based on social relations In Sri Lanka the Tamil Tigers fear of traitors is tangled with the Tamil civilians fear of being betrayed to the Tigers as traitors For Palestinians in the West Bank simply earning a living can mean complicity with people acting in the name of the Israeli state While most contemporary studies of violence and citizenship focus on the creation of the other the cases in Traitors Suspicion Intimacy and the Ethics of State Building illustrate the equally strong political and social anxieties among those who seem to be most alike Treason is often treated as a pathological distortion of political life However the essays in Traitors propose that treachery is a constant essential and normal part of the processes through which social and political order is produced In the political gray zones between personal and state loyalties traitors and their prosecutors play roles that make and unmake regimes In this volume ten scholars examine political ethnic and personal trust and betrayals in modern times from

Mozambique to the Taiwan Straits from the former Eastern Bloc to the West Bank This fascinating collection studies the tension between close personal relationships the demands of nation states and the moral choices that result when these interests collide In asking how traitors are defined in the context of local histories contributors address larger comparative questions about the nature of postcolonial citizenship
