Study Of Spirituality:

The Study of Spirituality Cheslyn Jones, Geoffrey Wainwright, Edward Yarnold, 1986-12-11 Written by contributors representing the Anglican Roman Catholic Free Church and Orthodox traditions this collection examines the nature and form of individual Christian devotion throughout the centuries

Spirituality: A Very Short Introduction Philip Sheldrake, 2012-11-29 It has been suggested that spirituality has become a word that can define an era Why Because paradoxically alongside a decline in traditional religious affiliations the growing interest in spirituality and the use of the word in a variety of contexts is a striking aspect of contemporary western cultures Indeed spirituality is sometimes contrasted attractively with religion although this is problematic and implies that religion is essentially dogma moralism institutions buildings and hierarchies The notion of spirituality expresses the fact that many people are driven by goals that concern more than material satisfaction Broadly it refers to the deepest values and sense of meaning by which people seek to live Sometimes these values are conventionally religious Sometimes they are associated with what is understood as the sacred in a broader sense that is of ultimate rather than merely instrumental importance This Very Short Introduction written by one of the most eminent scholars and writers on spirituality explores the historical foundations of the thought and considers how it came to have the significance it is developing today

ABOUT THE SERIES The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

The Oxford Handbook of Psychology and Spirituality Lisa J. Miller, 2024 This updated edition of The Oxford Handbook of Psychology and Spirituality codifies the leading empirical evidence in the support and application of postmaterial psychological science Lisa J Miller has gathered together a group of ground breaking scholars to showcase their work of many decades that has come further to fruition in the past ten years with the collective momentum of a Spiritual Renaissance in Psychological Science With new and updated chapters from leading scholars in psychology medicine physics and biology the Handbook is an interdisciplinary reference for a rapidly emerging approach to contemporary science Highlighting fresh ideas and supporting science this overarching work provides both a foundation and a roadmap for what is truly a new ideological age

Spirituality: A Guide for the Perplexed Philip Sheldrake, 2014-09-25 Spirituality is a word that is used increasingly these days yet it is often ill defined What exactly is spirituality Is it distinct from religion and can we separate it from beliefs and traditions Does spirituality mainly focus on spiritual experiences and practices or is it something more This book suggests that while there may be common features in the use of the word spirituality is not a single reality Different spiritualities reflect particular religious or philosophical viewpoints as well as the cultural contexts in which they arise and develop Spirituality A Guide for the Perplexed provides students and general readers with a reliable and comprehensive guide to spirituality as an area of study religiously

historically philosophically and in the social sciences It explores the tools that are used to study the subject and to interpret spiritual classics whether these are written texts or other forms such as art from different times and cultures Attention is paid to spirituality in a variety of religious and non religious forms in their own terms and comparatively However for the sake of simplicity greatest attention is given to the study of spirituality within a religious perspective with illustrations drawn from texts personalities and themes associated with five major world religions Judaism Christianity Islam Hinduism and Buddhism The book concludes with an exploration of spirituality in contemporary perspective in particular how spirituality is currently employed in areas such as health care education and business among other examples

A Sociology of Spirituality Kieran Flanagan, Peter C. Jupp, 2007-01-01 The emergence of spirituality in contemporary culture in holistic forms suggests that organised religions have failed This thesis is explored and disputed in this book in ways that mark important critical divisions This is the first collection of essays to assess the significance of spirituality in the sociology of religion The authors explore the relationship of spirituality to the visual individualism gender identity politics education and cultural capital The relationship between secularisation and spirituality is examined and consideration is given to the significance of Simmel in relation to a sociology of spirituality Problems of defining spirituality are debated with reference to its expression in the UK the USA France and Holland This timely original and well structured volume provides undergraduates postgraduates and researchers with a scholarly appraisal of a phenomenon that can only increase in sociological significance

Situating Spirituality Brian Steensland, Jaime Kucinskis, Anna Sun, 2021-11-22 The essays collected in *Situating Spirituality* Context Practice and Power examine not only individual engagements with spirituality but they show how seemingly personal facets of spirituality as well as definitions of spirituality itself are deeply shaped by religious cultural and political contexts

Spirituality across Disciplines: Research and Practice: Marian de Souza, Jane Bone, Jacqueline Watson, 2016-06-29 This book collects multiple disciplinary voices which explore current research and perspectives to discuss how spirituality is understood interpreted and applied in a range of contexts It addresses spirituality in combination with such topics as Christian mysticism childhood and adolescent education midwifery and sustainability It links spirituality to a variety of disciplines including cognitive neuroscience sociology and psychology Finally it discusses the application of spirituality within the context of social work teaching health care and occupational therapy A final chapter provides an analytical discussion of the different voices that appear in the book and offers a holistic description of spirituality which has the potential to bring some unity to the meaning expression and practice of spirituality across a variety of disciplines as well as across cultural religious and secular worldviews A strength of the book is that each chapter is characterized by a fearless confronting of oppositional perspectives and use of the latest research in addressing them The book takes the difficult topic of spirituality into almost every nook and cranny of personal and professional life There is a persistent grasping of the contentiousness of the topic together with addressing counter positions and utilizing updated

research across a range of fields in doing this The opening and closing chapters serve as book ends that keep the whole volume together Terence Lovat The University of Newcastle Australia The interdisciplinary nature of the work is by far the strongest aspect of this volume It has the potential to contribute to a dialogue between different professions and disciplines This prospective publication promises to promote a more holistic approach to the study of spirituality This volume takes into consideration a wide variety of issues The way the editors have structured the sequence of chapters contributes to facilitate any possible dialogue between the different areas Adrian Mario Gellel University of Malta Malta

Evolving Methodologies in the Study of Spirituality Gilberto Cavazos-González, Rossano Zs Friz de Col, 2023 The Society for the Study of Christian Spirituality USA and the Forum of Professors of Spiritual Theology in Italy gathered scholars of Christian Spirituality Studies and Spiritual Theology for an international conference entitled The Study of Christian Spirituality and Spiritual Theology Evolving Methodologies at the Pontifical University Antonianum in Rome from the 25th to the 28th of September 2019 Scholars from both fields were encouraged to present approaches techniques and developments to either or both fields of study as well as emerging theological hermeneutical phenomenological social appropriative and practical methodologies Thirty eight theologians and scholars from sixteen different countries representing every continent on earth presented their work in either English or Italian This volume offers the contributions of all English versions and the English translation of the Italian versions Undoubtedly the works collected here represent a new refreshing awareness of the methodological condition of the discipline and are a stimulus for further developments

Spirituality Kees Waaijman, 2002 This textbook is a systematic guide to the extensive field of spirituality Kees Waaijman charts the multiform phenomenon of spirituality the spirituality of ordinary people the great spiritual traditions and the force of counter movements From the foundation of this survey he answers questions like What exactly is spirituality What forms can a scholarly approach take Finally the book provides methodic access to the study of spirituality focusing on the following questions Which are the different forms of spirituality and how can we describe them How can spiritual texts be given a reliable reading Which themes can be distinguished in the field of spirituality and what would be a meaningful way to address them What do we mean by spiritual guidance and what can we learn from it This textbook has no equal It is indispensable to scholars wishing to study the subject but also to others who want to learn about spirituality

The Christian Path in a Pluralistic World and the Study of Spirituality Diana Villegas, 2012-01-01 Based on exploration of boundaries between spirituality and religion this book argues that theological study of spirituality is important for interpretation of the Christian path in a pluralistic world As a text for graduate study in spirituality and ministry it explores relevant sociological studies post modern culture contemporary study of Christian spirituality and a brief history of the relationship between theology and spirituality The book argues that the revelation and tradition of Christianity understood and interpreted in the light of contemporary culture make a difference to postmodern persons quests for spirituality What one believes and how one understands that belief influences

the manner in which the Christian path is lived in a pluralistic global world The book discusses the role of religion in culture and the relevance of this for the identity of religious spirituality and the study of Christian spirituality Studies in Formative Spirituality ,1991 *Minding the Spirit* Elizabeth A. Dreyer,Mark S. Burrows,2005-01-02 Sheldrake Jon Sobrino Wendy M Wright Bruce Hindmarsh Books and Culture A Christian Review *A Philosophical Study of Religion in Africa* Frederic Ntedika Mvumbi,2010 **Religion and Its Impact on Organizational Behavior** Al-Aali, Ebtihaj,Masmoudi, Meryem,AlSaffar, Gardenia Jassim,2022-02-18 Religion and its effect on individuals in organizations is critical to understand as organizational behavior and culture are dependent upon individual employees Evaluating the link between religion and organizations is important in today s world in order to develop organizations and understand employee motivations perspectives and ideals Further research into this link is needed to ensure organizations operate successfully and prosper Religion and Its Impact on Organizational Behavior seeks to enhance the understanding of theories concepts procedures and processes related to the impact and effect that religion has on the behavior of individuals in organizations Covering a range of topics such as personality and religion human perception of religion and work related attitudes this book is ideal for practitioners industry professionals business owners policymakers researchers academicians instructors and students

Bulletin - Council on the Study of Religion Council on the Study of Religion,1974 *Stereotyping Religion II* Brad Stoddard,Craig Martin,2023-05-18 Building on the success of *Stereotyping Religion Critiquing Clich s* this follow up volume dismantles a further 10 widespread stereotypes and clich s about religion focusing on clich s that a new generation of students are most familiar with Each chapter includes A description of a particular clich Discussion of where it appears in popular culture or popular media Discussion of where it appears in scholarly literature A historical contextualization of its use in the past An analysis of the social or rhetorical work the clich accomplishes in the present Clich s addressed include Religion and science naturally conflict All religions are against LGBTQ rights Eastern religions are more spiritual than Western religions Religion is personal and not subject to government regulation Religious pluralism gives everyone a voice Written in an easy and accessible style *Stereotyping Religion II Critiquing Clich s* is suitable for all readers looking to clear away unsophisticated assumptions in preparation for more critical studies **Spiritual Theology** Simon Chan,2011

Spiritual Studies in St. John's Gospel Arthur Ritchie,1914 **Religion, Spirituality, and Positive Psychology** Thomas G. Plante Ph.D.,2012-07-19 A multidisciplinary team of scholars shows how spiritual and religious practices actually do power psychological physical and social benefits producing stronger individuals and healthier societies In recent years scholars from an array of disciplines applied cutting edge research techniques to determining the effects of faith Religion Spirituality and Positive Psychology *Understanding the Psychological Fruits of Faith* brings those scholars together to share what they learned Through their thoughtful evidence based reflections this insightful book demonstrates the positive benefits of spiritual and religious engagement both for individual practitioners and for society as a whole The book covers Buddhism

Christianity Islam Judaism and other major traditions across culture in two sections The first focuses on ways in which religious and spiritual engagement improves psychological and behavioral health The second highlights the application of this knowledge to physical psychological and social problems Each chapter focuses on a spiritual fruit among them humility hope tolerance gratitude forgiveness better health and recovery from disease or addiction explaining how the fruit is planted and why faith helps it flourish *Spiritual Studies in St. Mark's Gospel* Arthur Ritchie,1917

The Enigmatic Realm of **Study Of Spirituality**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic.
