Thinking Well:

The Oxford Handbook of Process Philosophy and Organization Studies Jenny Helin, Tor Hernes, Daniel Hjorth, Robin Holt, 2014-05-15 Process approaches to organization studies focus on flow activities and evolution understanding organizations and organizing as processes in the making They stand in contrast to positivist approaches that see organizations and phenomena as fixed static and measurable Process approaches draw on a range of ideas and philosophies The Handbook examines 34 philosophers and social theorists both those commonly linked to process thinking such as Whitehead Bergson and James and those that are not as often addressed from a process perspective such as Dilthey and Tarde Each chapter addresses the background and context of this thinker their work with a focus on the processual elements and the potential contribution to organization and management research For students and scholars in the field of Organization Studies this book is an entry point into the work of philosophical thinkers and social theorists for whom the world is far from being a solid place

Main Street Sinclair Lewis, 1920 Main Street tells the tale of a big city girl who marries a physician and settles in a small town in the Midwest only to fall victim to the narrow mindedness and unimaginative natures of the town s residents Introduction by Thomas Mallon Copyright Libri GmbH All rights reserved

A Philosophical Anthropology Drawn from Simone Weil's Life and Writings Helen E. Cullen, 2017 A Philosophical Anthropology Drawn from Simone Weil s Life Writings situates Weil s thought in the time between the two world wars through which she lived and traces Weil s consistent conception of a mind body dualism in the Cartesian sense to a dualism that places the mind within a carnal part of the soul and establishes an eternal part of the soul as the essence of human beings Helen Cullen argues that in Weil s early conception of human nature her Cartesian conception of perception already shows a glimpse of the eternal Weil s dualistic conception also forms the basis of her political analysis of the left of her time and through working in factories and in the fields she develops a conception of labour as a theory of action and work with a method Weil was influenced by leading thinkers of her time prompting her to do an analysis of current scientific theories Cullen argues that Weil s analysis of Christianity already present in Greek philosophy shows us a theory of identical thought inherited from the East India and China and brought forth by peoples around Israel This theory leads to Weil s analysis developed in *The Need for Roots* of how we ve been uprooted through colonization and how we can grow roots in a free local society both rural and urban
