Psychopathology James E Maddux, Barbara A Winstead, 2024-09-02 Psychopathology Foundations for a Contemporary

Understanding is a comprehensive textbook about the etiology and treatment of the most important psychological disorders. The chapters are written by leading experts in the field of psychopathology who provide up to date information on theory, research and clinical practice. The book is unique in its strong emphasis on critical thinking about psychopathology as represented by chapters on topics such as culture, race, gender, class, clinical judgment, decision making and alternatives to traditional categorical approaches to understanding psychopathology. The contributors have incorporated information from the latest DSM 5 TR update as well as information from the World Health Organization's International Classification of Diseases. This sixth edition has been updated throughout and includes the most up to date research on each topic. This book is the go to textbook on psychopathology for graduate students in clinical and counseling psychology programs and related programs such as social work. It can also be used as a useful reference source for practitioners and researchers.

The Dyslexic Adult David McLoughlin, Carol Leather, 2013-02-14. A definitive and evidence based guide for psychologists, teachers, coaches, HR personnel and all professionals who must understand and work with dyslexic adults. The only book to look at dyslexia within the context of life span developmental psychology including the factors that contribute to success, now fully revised and updated. Combines an accessible style with a strong focus on evidence based practice and a sound theoretical model on which to base assessment, counselling, teaching and training. Provides a clear guide to the kinds of assessment that can be conducted and the ways in which dyslexic adults can be supported in selection, training, education and employment. Includes coverage of overlapping syndromes such as dyspraxia and dyscalculia and up to date check lists for syndromes that can be used as part of the assessment process.
