Understanding Crime Concepts Issues Decisions:

Understanding Crime Joseph F. Sheley,1979 **Criminal Behavior** Elaine Cassel,Douglas A. Bernstein,2007-04-03
Criminal Behavior explores crime as a developmental process from birth through early adulthood It further examines the role that legal political and criminal justice systems play in the development of criminal behavior Sex Crimes Stephen T. Holmes,Ronald M. Holmes,2008-06-18 An engaging and comprehensive survey of sex crimes and the psychological profiling of sex offenders *Courting Disaster* Jennifer L Dunn,2018-02-06 This work is a wide ranging and sensitive examination of the lived experience of intimate stalking victimization It explores how it feels and what it means to be stalked by a former intimate and how this situation creates dilemmas for victims and their advocates What is it like to try to become a victim in the eyes of the law and then to remain one when almost anything a woman does to manage the violent emotions of an ex husband or ex boyfriend can backfire and discredit her claims The author draws upon a broad array of rich data including a survey of college women courtroom testimony prosecutors case files interviews with victims and observations in a prosecutor s office and a stalking survivor s support group to illustrate the difficulties women face as they work to cope with danger and to negotiate the hazardous terrain of legal systems simultaneously For some victims Dunn shows prosecution processes are more traumatic than the events that brought them to seek legal help and her analysis of the historical cultural and gendered frameworks in which stalking victimization and prosecution takes place accounts for the additional trauma Definitions of situations and identities are contested rather than given in these arenas where lives and self concepts rest in the balance The ways in which we socially construct and confer meaning upon intimate violence and its victims profoundly shape what happens to ordinary women facing extraordinary circumstances *Courting Disaster* illuminates what we can learn from their experience whether we are working in these arenas or theorizing about how they do and sometimes do not work Forensic Victimology Brent E. Turvey,2013-08-08 Published in 2009 the first edition of *Forensic Victimology* introduced criminologists and criminal investigators to the idea of systematically gathering and examining victim information for the purposes of addressing investigative and forensic issues The concepts presented within immediately proved vital to social scientists researching victims offender relationships investigators and forensic scientists seeking to reconstruct events and establish the elements of a crime and criminal profilers seeking to link pattern crimes This is because the principles and guidelines in *Forensic Victimology* were written to serve criminal investigation and anticipate courtroom testimony As with the first this second edition of *Forensic Victimology* is an applied presentation of a traditionally theoretical subject written by criminal justice practitioners with years of experience both in the field and in the classroom It distinguishes the investigative and forensic aspects of applied victim study as necessary adjuncts to what has often been considered a theoretical field It then identifies the benefits of forensic victimology to casework providing clearly defined methods and those standards of practice necessary for effectively serving the criminal justice system 30% new content with new chapters on Emergency Services

False Confessions and Human Trafficking Use of up to date references and case examples to demonstrate the application of forensic victimology Provides context and scope for both the investigative and forensic aspects of case examination and evidence interpretation Approaches the study of victimology from a realistic standpoint moving away from stereotypes and archetypes Useful for students and professionals working in relation to behavioral science criminology criminal justice forensic science and criminal investigation
