The Groundnote Janet Kaplan,1998 The Groundnote Janet Kaplan s first collection of poetry explores violence in the twentieth century both in the family and in the larger world The poems range over difficult subjects the Jewish Holocaust urban blight in New York City and the author s personal history in the Bronx Through myth music and detailed observation of the natural world these poems confirm the difficult truth that violence has always coexisted with beauty *The Northwestern Reporter* ,1910

De Quincey's Works: The note-book of an English opium-eater. Despite winning the Nobel Prize for Literature Doris Lessing has received relatively little critical attention One of the reasons for this is that Lessing has spent much of her lifetime and her long published writing career crossing both national and ideological borders This essay collection reflects and explores the incredible variety of Lessing s border crossings and positions her writing in its various social and cultural contexts Lessing crosses literal national borders in her life and work but more controversial have been her crossings of genre borders into sci fi and space fiction and her crossing of ideological borders such as moving into and out of the Communist Party and from a colonial into a post colonial world This timely collection also considers a number of the most interesting recent critical and theoretical approaches to Lessing s writing including work on maternity and abjection in relation to *The Fifth Child* and *The Grass is Singing* eco criticism in Lessing s Ifrakan novels and postcolonial re writings of landscape in her *African Stories* *The Horseshoers' Journal* ,1913 **Bloomer** Carol Lefevre,2025-03-25 It is daunting to grow old in a time and place that does not value old people but the age group known as Boomers should not be so easily dismissed They marched against the Vietnam War and were the first generation to be liberated by the contraceptive pill from the fear of unwanted pregnancy Their teenage years were fuelled by protest songs and peace and love idealism and many are still engaged in forms of activism Framed by the turning of the seasons in her small suburban garden Carol Lefevre s *Bloomer* documents the year in which she turned seventy Memoir threads through meditations on aspects of ageing from its hidden grief and potential for loneliness to our relationship with the past and with our own mortality In this gorgeous optimistic and eloquent coming of old age book Boomers emerge as Bloomers people not at the end of things but still on their way ready to embrace a late life flourishing **The Note-book on an English Opium-eater** Thomas De Quincey,1873

The Southwestern Reporter ,1912 *Doris Lessing* Susan Watkins,2013-07-19 This study examines the writing career of the respected and prolific novelist Doris Lessing who was awarded the Nobel Prize for Literature in 2007 and has recently published what she has announced will be her final novel Whereas earlier assessments have focused on Lessing s relationship with feminism and the impact of her 1962 novel *The Golden Notebook* this book argues that Lessing s writing

was formed by her experiences of the colonial encounter it makes use of postcolonial theory and criticism to examine Lessing's continued interest in ideas of nation empire gender and race and the connections between them The book examines the entire range of her writing including her most recent fiction and non fiction which have been comparatively neglected The book is aimed at undergraduate and postgraduate students of Doris Lessing's work as well as the general reader who enjoys her writing This is the first significant book length critical evaluation in ten years *Notes on Map Reading, 1929* Great Britain.
