

The background is a blurred photograph of a coastal scene. On the left, a building with a light-colored facade and a dark roof is visible. A bird is captured in flight in the upper left quadrant. The right side of the image is dominated by a large, out-of-focus area of green and yellow, suggesting foliage or a field. The overall image has a soft, dreamlike quality due to the blur.

The Bitter Spring Charles Angoff,1982-06-01 **Bitter Spring** Rowan Edwards,1996 **The Long March** Roger Kimball,2001-06-01 In *The Long March* Roger Kimball the author of *Tenured Radicals* shows how the cultural revolution of the 1960s and 70s took hold in America lodging in our hearts and minds and affecting our innermost assumptions about what counts as the good life Kimball believes that the counterculture transformed high culture as well as our everyday life in terms of attitudes toward self and country sex and drugs and manners and morality Believing that this dramatic change cannot be understood apart from the seductive personalities who articulated its goals he intersperses his argument with incisive portraits of the life and thought of Allen Ginsberg Norman Mailer Timothy Leary Susan Sontag Eldridge Cleaver and other cultural revolutionaries who made their mark For all that has been written about the counterculture until now there has not been a chronicle of how this revolutionary movement succeeded and how its ideas helped provoke today s culture wars *The Long March* fills this gap with a compelling and well informed narrative that is sure to provoke discussion and debate
