White Helmets:

World War in Syria A.B. Abrams, 2021-07-01 *World War in Syria* answers questions that will have continued relevance beyond the country's borders for years to come. Impressive in its scholarship, pondered in its judgements, above all searing in its dissection of Western powers' war on Syria waged over many decades, the book is a must-have on the bookshelves of any serious, fair-minded student of Syria. Peter Ford, British Ambassador to Syria from 2003 to 2006. The most detailed history of the war in Syria so far, providing a richness of highly interesting details as well as a critical analysis of its complex international and domestic dimensions rarely encountered in other Western publications. Nikolaos van Dam, former Special Envoy for Syria 2015-16, Ambassador of the Netherlands to Iraq, Egypt, Turkey, Germany, and Indonesia. Author of *Destroying a Nation: The Civil War in Syria*. A.B. Abrams explores the widening scope of the Syrian conflict in his important book *Solving Syria's Civil War*. Will require a regional approach, engaging stakeholders whose interests are fundamentally opposed. David L. Phillips, Director, Program on Peacebuilding and Rights, Columbia University Institute for the Study of Human Rights. Abrams is a meticulous guide to the labyrinth of Syria's modern political history. Richard W. Murphy, U.S. Ambassador to Syria 1974 to 1978, Consul in Aleppo, Syria 1960 to 1963. A.B. Abrams has written an extremely informative and illuminating account on the international dimension of the origins, outbreak, and evolution of the Syrian conflict. His empirically rich analysis in this nuanced and comprehensive study makes it one of the best books, if not the best book, written about the Syrian crisis. This book is a MUST read for anyone who wants to understand the Syrian conflict, the Middle East, and the role of the great powers in the region. Jubin Goodarzi, Professor and Deputy Head of International Relations, Webster University, Geneva. Former consultant and political adviser on Middle Eastern affairs for the UNHCR. An insightful and dispassionate record of the Syrian Maelstrom and the West's role as the Sorcerer's Apprentice. John Holmes, Major General and Director, Special Forces, ret. British Army. [The Syrian Crisis](#) Dania Koleilat Khatib, 2020-08-20. This book analyzes the impact and relevance of the Syrian crisis on regional and international relations. Developing into a proxy war, the Syrian crisis has been a battleground for regional dominance. It has also created an opportunity for new states to emerge on the world affairs scene. Russia, for instance, had been keeping a low profile since the fall of the Soviet Union but took a leading role in the Syrian crisis, reasserting itself against the West regionally. The Syrian crisis has also been a catalyst in reshaping many interstate relations and allowing countries such as Russia, Iran, Turkey, and China to play an increasingly important geopolitical role. There have been many international ramifications to the Syrian crisis. While the crisis led to an Iranian-Russian rapprochement, it was also a catalyst to more cooperation between Russia and Saudi Arabia. More importantly, it also forced states with opposing views about the crisis—Turkey, Iran, and Russia—to forge an alliance. Further, the crisis created tensions between the US and Turkey, with China on the one hand balancing its interests between the Gulf and Iran whilst focusing on its ambitious Belt and Road Initiative and trying on the other hand to contain Islamic militancy in Syria. The book looks at issues that are usually ignored when

discussing Syria such as the strategic control over its hydrocarbon resources as well as the power of propaganda in portraying realities It features the use of non state actors by regional competing powers and the role of local councils in stabilizing the country The edited volume brings together contributions by authors with different backgrounds who present conflicting views reflecting the divergence between the various stakeholders about the Syrian crisis Historical Dictionary of the Syrian Uprising and Civil War Asaad Alsaleh,2021-05-21 Historical Dictionary of the Syrian Uprising and Civil War introduces readers to the events and main players that shaped the conflict in Syria since 15 March 2011 as the country entered a new era in its modern history The Syrian Revolution was part of the Arab Spring that was launched in Tunisia Egypt and other countries in the Middle East in late 2010 The Syrian situation turned into a winter which merits such an all encompassing book that reveals the complex dynamics of the Syrian civil war Many of the key players places and unfolding events were making headlines for a short period before vanishing from memory but this book records their emergence and influence The book traces the political opposition initially in the form of street level unrest targeting the rule of the al Asad family that ruled for over five decades The book provides a picture of the fighting groups and their varying agendas including the Islamic State in Iraq and Syria ISIS and other extremist groups It depicts a picture of a country whose civil war caused one of the biggest crises in the 21st century It contains a chronology an introduction and an extensive bibliography The dictionary section has more than 200 cross referenced entries on the major events places and actors in the Syrian war This book is an excellent resource for students researchers and anyone wanting to know more about the Syrian uprising
