Self Help Ideas:

100 Ideas for Primary Teachers: Wellbeing Jennifer Murray, 2024-01-18 No matter what you teach there is a 100 Ideas title for you The 100 Ideas series offers teachers practical easy to implement strategies and activities for the classroom Each author is an expert in their field and is passionate about sharing best practice with their peers Each title includes at least ten additional extra creative Bonus Ideas that won't fail to inspire and engage all learners Jennifer Murray provides a rich toolbox of supportive ideas to promote and protect wellbeing for both you and your pupils and to help all to flourish Activities such as care treasure maps and connection clubs are easy to try and to sustain and all have been used to make a positive difference in primary schools across the UK There is a section dedicated to teacher wellbeing as well as a broad range of strategies to use in the classroom with your pupils covering language relationships physical movement self awareness appreciation and awareness of your environment and much more

Planning Ideas That Matter Bishwapriya Sanyal, Lawrence J. Vale, Christina D. Rosan, 2012-07-06 Leading theorists and practitioners trace the evolution of key ideas in urban and regional planning over the last hundred years Over the past hundred years of urbanization and suburbanization four key themes have shaped urban and regional planning in both theory and practice livability territoriality governance and reflective professional practice *Planning Ideas That Matter* charts the trajectories of these powerful planning ideas in an increasingly interconnected world The contributors leading theorists and practitioners discuss livability in terms of such issues as urban density land use and the relationship between the built environment and natural systems examine levels of territorial organization drawing on literature on regionalism metropolitanism and territorial competition describe the ways planning connects to policy making and implementation in a variety of political contexts and consider how planners conceive of their work and learn from practice Throughout the emphasis is on how individuals and institutions including government business professional organizations and universities have framed planning problems and ideas The focus is less on techniques and programs than on the underlying concepts that have animated professional discourse over the years The book is recommended for classroom use as a reference for scholars and practitioners and as a history of planning for those interested in the development of the field
