## **Touching Horses:**

*(Un)Stable Relations: Horses, Humans and Social Agency* Lynda Birke, Kirrilly Thompson, 2017-12-12 This original and insightful book explores how horses can be considered as social actors within shared interspecies networks It examines what we know about how horses understand us and how we perceive them as well as the implications of actively recognising other animals as actors within shared social lives This book explores how interspecies relationships work using a variety of examples to demonstrate how horses and people build social lives Considering horses as social actors presents new possibilities for improving the quality of animal lives the human condition and human horse relations **Horse Crazy** Jean O'Malley Halley, 2019-07-01 Horse Crazy explores the meaning behind the love between girls and horses Jean O Malley Halley a self professed horse girl contends that this relationship and its cultural signifiers influence the manner in which young girls define their identity when it comes to gender Halley examines how popular culture including the pony book genre uses horses to encourage conformity to gender norms but also insists that the loving relationship between a girl and a horse fundamentally challenges sexist and mainstream ideas of girlhood Horse Crazy looks at the relationships between girls and horses through the frameworks of Michel Foucault s concepts of normalization and biopower drawing conclusions about the way girls agency is both normalized and resistant to normalization Segments of Halley s own experiences with horses as a young girl as well as experiences from the perspective of other girls are sources for examination Horsey girls as she calls them are girls who find a way to defy the expectations given to them by society thinness obsession with makeup and beauty frailty and gain the possibility of freedom in the process Drawing on Nicole Shukin s uses of animal capital theories Halley also explores the varied treatment of horses themselves as an example of the biopolitical use of nonhuman animals and the manipulation and exploitation of horse life In so doing she engages with common ways we think and feel about animals and with the technologies of speciesism **25 Ways to Make Your Horse Happy** Anne Krüger-Degener, 2025-11-18 Concrete steps toward forging a strong partnership and clear stream of communication with your horse True bonding is the key to happiness in both human and horse We are both social creatures who are instinctually drawn toward getting involved with each other and finding ways to not only create deep trust in another your horse but also experiencing it yourself creates this kind of bond In these pages Anne Krüger Degener founder of a systematic approach to communication called HarmoniLogie R provides a practical guide to how you can build or repair these bonds Part of this formula is a solid foundation of understanding built from a sense of empathy benevolence and compassion The other part is a clear and unambiguous exchange of information and this requires more than just love for your horse It needs a training system ensures a smooth exchange of information between you Krüger Degener knows that horses and humans often talk past each other She helps readers learn to observe horses like a biologist listening with all their senses and reading not only what is there but also what is not there When in doubt of what a horse may be telling us she guides us toward slower friendlier quieter questions

ensuring that we prioritize compromise over dominance in the relationship Inspirational case studies of students and horses are shared as readers are taught how to Analyze spatial changes when working with horses Work with activation and defense zones Recognize geometric patterns in communication Resist the urge to speak gibberish to horses Translate the bonds built on the ground to the work you do under saddle Build intervals into training that accommodates natural performance curves And much more With sensible advice that still puts the horse first above all Kr u ger Degener s fundamental keys to making your horse happy are integral pieces to modern day training and competing ensuring progress not only as performers whatever your sport but as partners in life *Touching Horses* Marion Kaselle,Pamela Hannay,1995 The Origin and
