The Cultural Roots of Strategic Intelligence

Gino LaPaglia,2019-11-20

Strategic Intelligence is a form of meaning that promises the possibility of strategic advantage dignity the achievement of

objective and the fulfillment of potential in hostile environments In *The Cultural Roots of Strategic Intelligence* Gino LaPaglia demonstrates that the strategic aspect of reason arising in human experience encoded as value and born by culture as a strategic resource has been encoded as values that have been memorialized in culturally authoritative sources in various Eurasian cultures for thousands of years These sources have validated a strategic orientation in the world legitimized the strategist as a heroic identity and transmitted a coherent world view that enables the practitioner of strategy to overcome asymmetric threat By excavating the provenance of strategic thought expressed in the cultural identity of the strategist in the most culturally authoritative mythological literary philosophical and religious sources and excavating the underlying strategic values expressed in cultural products LaPaglia demonstrates that the strategic aspect of human rationality is one of the most basic structural dynamics of human meaning and that the transmission of this strategic way of being and acting in the world offers hope for life's underdogs

**Strategic Intelligence for the Future 1** Henri Dou, Alain Juillet, Philippe Clerc, 2019-04-30 Information in all its forms is at the heart of the economic intelligence process It is also a powerful vector of innovation and more than ever a balance between economic and societal forces *Strategic Intelligence for the Future 1* analyzes the need for the French economic intelligence to mutate in order to develop the economy strengthen social cohesion and protect vital interests This mutation requires a change of attitudes and a new way of thinking widely open to global change and new technologies The focus of the French economic intelligence on conventional objectives such as business and the economy does not allow for the integration of its multiple possible fields and thus its global nature The strategy foresight and temporal dynamics necessary to the understanding of the world and the new balance of power and control of complex situations have thus increased the time needed to put this in place Both theoretical and practical this book provides a basis from which to develop enhanced economic intelligence leading to the implementation of global security

**Strategic Intelligence** Loch K. Johnson, James J.
