Street Confessions Poetry Or Prophecy:

Street Confessions John H. Johnson, 2005-07-01 This book is about my inner struggle of letting others view my poetry and finding joy in a talent that God has given to me to share with the rest of the world One night I was sitting alone searching for a subject to write about At that moment God whispered to me alas time a I immediately went to the computer and wrote a piece called a God Whispers a He has been whispering to me ever since In the Bible there is a story about three individuals who God had given each a talent or gift One person buried his talent the second person gave his away and the third let his go to waste The moral of my story is to not bury your God given talent Writing is truly my passion and hopefully the fifty pieces of God's inspiration will help someone else realize their true God given talent

Prophecy, Poetry and Hosea Gerald Morris, 1996-05-01 The books of the Latter Prophets have traditionally been treated as persuasive speeches and interpreted according to their rhetoric At the same time interpreters recognize the poetic form of much prophecy This study takes up the notion of the prophet as poet focusing on word play in Hosea and on the lyrical plot of that book the case is made for treating Hosea as a stark full length poem of inexhaustible power

The Prophetic Poet and the Spirit of the Age: Why Hawthorne was melancholy Marion Montgomery, 1981 [The Rhetoric of Romantic Prophecy](#) Ian Balfour, 2002 The Romantic era in England and Germany saw a sudden renewal of prophetic modes of writing Biblical prophecy and to a lesser extent classical oracle again became viable models for poetry and even for journalistic prose Notably this development arose out of the new found freedom of biblical interpretation that began in the mid eighteenth century as the Bible was increasingly seen to be a literary and mythical text Taking Walter Benjamin's thinking about history as a point of departure the author shows how the model for Romantic prophecy emerges less as a prediction of the future than as a call to change in the present even as it quotes at key turns texts from the past After surveying developments in eighteenth century biblical hermeneutics as well as the numerous instances of prophetic eruption in Romantic poetry the book culminates in close readings of works by Blake Hlderlin and Coleridge Each of these writers interpreted the Bible in strong variously radical and conservative ways and each reworked prophetic texts in often startling fashion The author's reading of Blake focuses on the complex temporal and rhetorical dynamics at work in a prophetic tradition with attention paid to the key mediating figure of Milton The chapter on Hlderlin investigates the truth claim of poetry and the consequences of Hlderlin's insight into the necessarily figural character of poetry The analysis of Coleridge correlates his theory of allegory and symbol with his theory and practice of political writing which often relies on mobilizing prophetic authority Together the readings force us to reexamine the claims and practices of Romantic poets and thinkers and their ideas and ideologies not without engendering some allegorical resonance with issues in our own time

[The Prophetic Poet and the Spirit of the Age: Why Poe drank liquor](#) Marion Montgomery, 1981 *Prophetic Song* Michael P. Kuczynski, 2016-11-11 A study of the Psalter's influence on the language of prescription and proscription injunction command censure reproof and other ethical instruction in late

medieval England as well as exegesis and meditation that clearly had a homiletic or polemic bias Among the themes is the distinction between the private and public use the Psalms were put to and the deliberate blurring of that distinction to illustrate the unity between individual salvation and the reform of society
