U. Hohler,1986-11-01 An account of the life teaching career NASA training and impact of the woman who was selected to be the first teacher in space **Haussmann, or the Distinction** Paul La Farge,2014-03-18 Paul La Farge s stunning imaginative novel about the great architect of Paris full of artful prose wit and provocative ideas The Philadelphia Inquirer Baron Georges

Eugène Haussmann who demolished and rebuilt Paris in the middle of the nineteenth century was the first urbanist of the modern era and perhaps the greatest. He presided over two decades of riches, peace and progress in a city the likes of which no one had ever seen before with boulevards monumentally conceived and brilliantly lit, clean water, public transportation and sewers that were the envy of every nation in the world. Yet there is a story that on his deathbed Haussmann wished all his work undone. Would that it had died with me, he is supposed to have said. What is the secret of the baron's last regret? To answer this question Haussmann tells the story of Madeleine, a foundling who grew up in the magical, chaotic world that Haussmann destroyed. de Fonce, one of the great artistes d'artiste, who tore Paris down and sold its rubble as antiques, and of a three-sided affair that pits love against ambition, architecture against flesh, and the living Parisians against Haussmann's unbuilt masterpiece, the Railroad of the Dead. Although steeped in history, Paul La Farge's *Haussmann or the Distinction* is a novel not bound by fact; it is an account of the hidden, sometimes fantastical life of the nineteenth century, a work that will make readers think of Borges as well as Balzac. It is a view of cities of love and of history itself from the other side of the mirror.
