String Quartet No 3 Op 40

Alberto Ginastera

String Quartet No 3 Op 40:

String quartet no. 3 with soprano voice op. 40 Alberto Ginastera, 2003 *Three Songs* Eugene Goossens, 1920 The Chesterian, 1910 **Tema con variazioni (A Minor) for string quartette** Arthur Foote, 1901 **Catalogs** Harold Reeves (Firm), 1919 *Melancholy* Eugene Goossens, 1921 **Schoenberg** Malcolm MacDonald, 2008-09-26 In this completely rewritten and updated edition of his long indispensable study Malcolm MacDonald takes advantage of 30 years of recent scholarship new biographical information and deeper understanding of Schoenberg's aims and significance to produce a superb guide to Schoenberg's life and work MacDonald demonstrates the indissoluble links among Schoenberg's musical language particularly the enigmatic and influential twelve tone method his personal character and his creative ideas as well as the deep connection between his genius as a teacher and as a revolutionary composer Exploring newly considered influences on the composer's early life MacDonald offers a fresh perspective on Schoenberg's creative process and the emotional content of his music For example as a previously unsuspected source of childhood trauma the author points to the Vienna Ringtheater disaster of 1881 in which hundreds of people were burned to death including Schoenberg's uncle and aunt whose orphaned children were then adopted by Schoenberg's parents MacDonald brings such experiences to bear on the music itself examining virtually every work in the oeuvre to demonstrate its vitality and many sidedness A chronology of Schoenberg's life a work list an updated bibliography and a greatly expanded list of personal allusions and references round out the study and enhance this new edition The Music of William Schuman, Vincent Persichetti, and Peter Mennin Walter Simmons, 2017-03-09 William Schuman Vincent Persichetti and Peter Mennin were three of the most significant American composers of the 20th century yet their music has largely disappeared from view since their respective deaths Because they each spent the majority of their careers working at the Juilliard School and Lincoln Center their music is often viewed as interchangeable In *The Music of William Schuman Vincent Persichetti and Peter Mennin* *Voices of Stone and Steel* Walter Simmons provides a thorough examination of the lives and work of these artists clarifying their considerable individuality both as composers and as human beings The book begins with a comprehensive introduction summarizing the conventional view of the history of American music while noting the marginalization of traditionalist composers those who preferred to work with the musical forms and developmental principles on which the body of Western classical music is based In the chapters that follow each composer is presented through a brief overview and a biographical essay followed by a general description of his style Extensively researched and including detailed discussions and insights the sections include lists of the composer's most representative fully realized works and then provide systematic overviews of most or all of their compositions giving the reader a general understanding of the artist and his work The overviews contain a description of each composition information concerning first performance and first recording excerpts from reviews as well as Simmons own critical assessment of each and a statement of its place within the composer's output as a whole A selected bibliography

and essential discography follows at the end of each chapter
