An anime-style illustration of a character with long, dark hair, wearing a black kimono with a red and orange floral pattern. The character is sitting cross-legged on a white surface, holding a small red cup. The background is white with some faint yellow and grey shapes. A large yellow number '2' is visible in the top right corner.

## Telling It Like It Isnt:

*Intentions in the Experience of Meaning* Raymond W. Gibbs, 1999-09-13 What do our assumptions about authorship matter for our experience of meaning This book examines the debates in the humanities and social sciences over whether authorial intentions can or should constrain our interpretation of language and art Scholars assume that understanding of linguistic and artistic meaning should not be constrained by beliefs about authors and their possible intentions in creating a human artifact It is argued here that people are strongly disposed to infer intentionality when understanding oral speech written texts artworks and many other human actions Although ordinary people and scholars may infer meanings that diverge from or extend beyond what authors intend our experience of human artifacts as meaningful is fundamentally tied to our assumptions of intentionality This challenges the traditional ideas of intentions as existing solely in the minds of individuals and formulates a new conceptual framework for examining if and when intentions influence the interpretation of meaning
