

Azay-le-Rideau

Another dream on the banks of the Indre, and a showcase
of architecture, which overlapping towers do with each other,
the remains suggest an unbroken cloth rather
than warfare. The multiplication is merely four sculpture
and the most has been
transformed into a small
lake. The central staircase takes
you up its long straight
flashes of stone set
intentionally to the wall.
By night a festival
of multicoloured
lights dances
across the facade.
