Oxford historian Roger Macdonald has spent five years unravelling fact from fiction to uncover the true story of the Musketeers and their connection with the Man in the Iron Mask. It is a reality more extraordinary than any tale Dumas could devise. Honour and heroism, betrayal and intrigue are set amidst the lust, jealousy and deadly poisons that made the Sun King's court a world of frenzied paranoia. The Musketeers ride again across the pages of real history in this superbly researched account, and in his exciting denouement Macdonald at last reveals the identity of the Man in the Iron Mask.
