The Eschaton Sequence:

The Eschaton Sequence Frederik Pohl,1997 **The Eschaton Sequence** Shane Creees,2018-07-29 This unusual text The Eschaton Sequence represents a serious engagement with ideas of modern literary theory philosophy Written in an enigmatic aphoristic style there runs nonetheless a narrative describing the act of immersion of an author into the act of writing raising questions about identity agency communication perception ritual and more The format plays with the idea of intertextuality read almost as a precursor to hyperlinks and its range of reference to classic and popular culture is wide and rich The text toys with the idea of death of the author as a form of virtual bloodletting or even suicide exploring the idea of what remains as a form of archetype or psyche In its reflections and engagement with postmodern authors this collection of maxims is perfect for browsing in hurried moments There is plenty of wisdom dispensed on a variety of topics from death to terrorism to dance to sex For inquiring and curious intellectual minds this is a potentially rewarding and entertaining book The Judge of Ages John C. Wright,2014-02-11 The year is 10 515 AD The Hyades Armada traveling at near lightspeed will reach Earth in just four centuries to assess humanity s value as slaves For the last 8 000 years two opposing factions have labored to meet the alien threat in very different ways One of them is Ximen del Azarchel immortal leader of the mutineers from the starship Hermetic and self appointed Master of the World who has allowed his followers to tamper continuously with the evolutionary destiny of Man creating one bizarre race after another in an apparent search for a species the Hyades will find worthy of conquest The other is Menelaus Montrose the posthuman Judge of Ages whose cryonic Tombs beneath the surface of Earth have preserved survivors from each epoch created by the Hermeticists Montrose intends to thwart the alien invaders any way he can and to remain alive long enough to be reunited with his bride Rania who is on a seventy millennia journey to confront the Hyades masters tens of thousands of light years away Now with the countdown to the Hyades arrival nearing its end del Azarchel and Montrose square off for what is to be their final showdown for the fate of Earth a battle of gunfire and cliometric calculus powered armor and posthuman intelligence Judge of Ages is the wildly inventive third volume in a series exploring future history and human evolution from John C Wright Count to a Trillion John C. Wright,2011-12-20 Space Opera Western by the author of The Golden Age trilogy **Count to Infinity** John C. Wright,2017-12-26 Count to Infinity is John C Wright s spectacular conclusion to the thought provoking hard science fiction Eschaton Sequence exploring future history and human evolution An epic space opera finale worthy of the scope and wonder of The Eschaton Sequence Menelaus Montrose is locked in a final battle of wits bullets and posthuman intelligence with Ximen del Azarchel for the fate of humanity in the far future The alien monstrosities of Ain at long last are revealed their hidden past laid bare along with the reason for their brutal treatment of Man and all the species seeded throughout the galaxy And they have still one more secret that could upend everything Montrose has fought for and lived so long to achieve The Eschaton Sequence 1 Count to a Trillion 2 The Hermetic Millennia 3 The Judge of Ages 4 The Architect of Aeons 5 The

Vindication of Man At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied *The Architect of Aeons* John C. Wright,2015-04-21 The epic and mind blowing finale to this visionary space opera series surpasses all expectation Menelaus Montrose having forged an uneasy alliance with his immortal adversary Ximen del Azarchel maps a future on a scale beyond anything previously imagined No longer concerned with the course of history across mere millennia Montrose and del Azarchel have become the architects of aeons bringing forth minds the size of planets as they steer the bizarre intellectual descendants of an extinct humanity Ever driving their labors and their enmity is the hope of reunion with their shared lost love the posthuman Rania whose eventual return is by no means assured but who may unravel everything these eternal rivals have sought to achieve John C Wright s *The Architect of Aeons* is the latest in his millennia spanning space opera At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied **The Vindication of Man** John C. Wright,2016-11-22 The Vindication of Man is the epic and mind blowing continuation of John C Wright s visionary space opera series surpasses all expectation Menelaus Montrose having renewed his enmity with his immortal adversary Ximen del Azarchel awaits the return of the posthuman princess Rania their shared lost love Rania brings with her the judgment of the Dominions ruling the known cosmos which will determine the fate of humanity once and for all Vindication or destruction And if it is somehow both what manner of future awaits them At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied **The Hermetic Millennia** John C. Wright,2012-12-24 With bigger than life characters and far future tech and terminology this sci fi space opera will keep readers glued to the page Booklist Continuing from Count to a Trillion Menelaus Illation Montrose Texas gunslinger idealist and posthuman genius has gone into cryo suspension following the discovery that in 8 000 years a powerful alien intelligence will reach Earth to assess humanity s value as slaves Montrose intends to be alive to meet that threat but he is awakened repeatedly throughout the centuries to confront the woes of an ever changing and violent world witnessing millennia of change compressed into a few years of subjective time The result is a breathtaking vision of future history like nothing before imagined sweeping tumultuous and evermore alien as Montrose s immortal enemies and former shipmates from the starship Hermetic harness the forces of evolution and social engineering to continuously reshape the Earth in their image seeking to create a version of man the approaching slavers will find worthy Praise for Count to a Trillion R A Lafferty meets A E Van Vogt in a cakewalk through a future full of antimatter alien artifacts transhumans an Iron Ghost a Texas gunfighter and a Space Princess Well worth the price of admission Michael Flynn author of *The January Dancer* This is much more than a space opera and fills your mind with intriguing startling possibilities Ultimately this is about human survival and potential the future of mankind across a trillion star systems Brian Herbert coauthor of the *Dune* series Spectacularly clever in weaving together cutting edge speculation along the outer fringes of science Highly impressive Kirkus Reviews [The Other End of Time](#) Frederik Pohl,1997-07-15 A group of aliens known as the Beloved Leaders send a

Desperate for God's Presence Bill Vincent,2018-08-20 Continuing in the tradition of his Dark Radical Poetics this sequel to the eschaton sequence sees the author continue a journey begun and assumedly ended with the conclusion of that sequence Having survived an existential moral creative and mental crisis the author re examines his position with respect to Schopenhauerian Nietzschean philosophy Post structuralism and suicide language communicate self harm and scarification remain topics of calmer interest as the author also attempts to come to terms with an interpretation of Being Written according to a strict structural schema in a studiously leaner aphoristic style this more mature companion piece to the eschaton sequence has as before much to offer in the way of incidental wisdom and worldly insights and asides A deep expressionistic rendering of the course of one man one book or one locus of a being s thinking this modest volume will surely entertain pursuing clarity in beauty and also intellectually stimulate the reader and edify **The Far Shore of Time**

Vincent,2019-01-24 A further continuation of his self styled Dark Radical Poetics the author once again embarks on an expressionistic and aphoristic intellectual journey In the spirit of Ourobouros and the closely wed concept of eschaton the notion of time and death and their relation are always uppermost in his mind as is the concept of beauty not least lyrically as a way of transcending that mortal coil AS often previously the topics of drugs and the bohemian often lonely lifestyle in a small college town are addressed honestly and reflectively there is little in the world at this age in all its chaos that makes the author angry Again it is the frailty of the heart that is given most consideration a self indulgent exercise so often passed over in today s interconnected lives This is a book once again for moments of reflection and hopefully the hearts and minds of the similarly afflicted will take consolation that they are far from alone and without hope as any out there **The Siege of Eternity** Frederik Pohl,1998-10-15 The aliens are not coming they re already here Thwarted in their initial incursion by secret agent Dan Dannerma they are armed with high tech devices and a secret network on Earth and in space It s up to
