The Ethical Demand Revisions:

The Ethical Demand Knud Ejler Løgstrup, 1997-02-15 Knud Ejler Løgstrup's *The Ethical Demand* is the most original influential Danish contribution to moral philosophy in this century. This is the first time that the complete text has been available in English translation. Originally published in 1956, it has again become the subject of widespread interest in Europe, now read in the context of the whole of Løgstrup's work. *The Ethical Demand* marks a break not only with utilitarianism and with Kantianism but also with Kierkegaard's Christian existentialism and with all forms of subjectivism. Yet Løgstrup's project is not destructive. Rather, it is a presentation of an alternative understanding of interpersonal life. The ethical demand presupposes that all interaction between human beings involves a basic trust. Its content cannot be derived from any rule. For Løgstrup, there is not Christian morality and secular morality. There is only human morality. *A call for a revision of the*

Digital Competency Development for Public Officials: Adapting New Technologies in Public Services

Sevinç Çubuk, Ecem Buse, 2025-02-11 One key factor determining the effectiveness of the public administration system is the level of professional performance of civil servants. In the age of digital transformation, the digital skills of public servants are essential to maintain and improve the efficiency of public services. The introduction of digital technologies expands the tools used by civil servants, which requires updating their competence profiles. Training developers must offer upskilling and reskilling strategies and programs so that public servants are equipped with the talents to face the challenges and opportunities of digital transformation. Further research into these methods will ensure public officials are well prepared for the new digital age. *Digital Competency Development for Public Officials: Adapting New Technologies in Public Services* explores qualification requirements for the digital competencies necessary for the implementation of professional activities in the public service. It delves into practical applications of digital technology in government and public administration. This book covers topics such as digital governance, policymaking, and public services and is a useful resource for public officials, computer engineers, government workers, policymakers, academicians, and researchers.

Efforts and Models in Interpreting and Translation Research Gyde Hansen, Andrew Chesterman, Heidrun Gerzymisch-Arbogast, 2008 This volume covers a wide range of topics in Interpreting and Translation Research. Some deal with scientometrics and the history of Interpreting Studies, arguments about conceptual analysis, meta-language and interpreters' risk-taking strategies. Other papers are on research skills like career management, writing communicative abstracts, and the practicalities of survey research. Several contributions address empirical issues such as expertise in Simultaneous Interpreting, the cognitive load imposed on interpreters by a non-native accent, the impact of intonation on interpreting quality, linguistic interference in Simultaneous Interpreting, similarities between translation and interpreting, and the relation between translation competence and revision competence. The collection is a tribute to Daniel Gile in appreciation of his creativity and his commitment to interpreting and translation research. All the contributions in some way

show his influence or are related to the models and research he has shaped *The Ethical World* ,1911 **The Evacuation of the Rhineland ...** Mildred Salz Wertheimer,1930 **Report on the Revision of the U.S. Pharmacopoeia** Charles Rice,1880 **Ongoing Revision in Moral Theology** Charles E. Curran,1975 Editorial Information Service ,1930 *Revisionist Histories* Marnie Hughes-Warrington,2013-07-18 Revision and revisionism are generally seen as standard parts of historical practice yet they are underexplored within the growing literature on historiography In this accessibly written volume Marnie Hughes Warrington discusses this paucity of work on revision in history theory and raises ethical questions about linear models and spatial metaphors that have been used to explain it Revisionist Histories emphasises the role of the authors and audiences of histories alike as the writers and rewriters of history Through study of digital environments graphic novels and reader annotated texts this book shows that the sides of history cannot be disentangled from one another and that they are subject to flux and even destruction over time Incorporating diverse and controversial case studies including the French Revolution Holocaust Denial and European settlers contact with Native Americans and Indigenous Australians Revisionist Histories offers both a detailed account of the development of revisionism and a new more spatial vision of historiography An essential text for students of historiography Living with Risk and Danger Mikkel Gabriel Christoffersen,2019-06-17 The contemporary world is marked by a sense of vulnerability not seen since the end of the Cold War Climate change migration and political instability make people feel the inherent vulnerability of human life Concepts of risk and danger are as relevant now as ever before for illuminating contemporary life Yet what changes in human lives if one interprets existence with risk and danger from the perspective of Christian faith Does the Christian symbol system offer orientation for human lives in a time of crisis Exploring the work of leading contemporary thinkers Danish theologian Mikkel Gabriel Christoffersen develops a rich and varied account of Christian doctrine that enables human beings to live with risk and danger in all vulnerability with gratitude courage and care for others Christoffersen develops an interdisciplinary approach that allows him to draw upon sociological and anthropological reflections on life lived whilst facing risks and dangers He brings these findings into conversation with Scandinavian Anglo American and German theologians of risk The result of his endeavor is a Trinitarian theology of risk that explores the extent to which one can consider the cross of Christ a risk of the incarnation rather than its very purpose Focusing on vital existential questions makes Christoffersen s considerations vibrant and relevant to scholars and lay people with an open minded intellectual interest in contemporary Christian theology **Proceedings of the Annual Meeting - National Education Association of the United States** National Education Association of the United States,1895 *Revenue Revision* United States. Congress. House. Committee on Ways and Means,1927 The Necessity for a Revision of the Tamil New Testament ,1899 **Nature, Organization and Management of Corporations Under "An Act Concerning Corporations (revision of 1896)" of the State of New Jersey** Jay Braisted Roe Smith,1912 Yearbook National Education Association of the United States.
