The Exceptional Executive Harry Levinson, 1979-06-05 **The Exceptional Executive** Harry Levinson, 1968 **The Exceptional Executive** Harry Levinson, 1968 *Rising to Power* Ron A. Carucci, Eric C. Hansen, 2014-09-23 *Rising to Power* is a time tested wisdom packed guide for executives desiring to be exceptional leaders as they navigate their ascent to the highest levels of their organization Nearly two thirds of all leaders entering executive roles lack sufficient understanding of what is required and are unprepared for what they will face which explains why 50 percent of them fail within the first eighteen months For decades we have known that failure rates among transitioning executives are too high causing exorbitant costs damaged organizations and stalled careers Still little has changed in the way organizations prepare leaders to assume executive positions Three fourths of new executives say their organization did not adequately prepare them for the executive office It doesn't have to be this way If you are an executive or you're aspiring to be one and considering how you will navigate the ascent in your organization *Rising to Power* will serve you like no other resource can Odds are high you have watched a promising executive fail on their way up Like many you scratched your head wondering Why didn't they see that coming Now you're hoping not to be the next one that falls *Rising to Power* will guide you on a predictable journey of ascent through the transitional moments and issues most common in executive failure It will bolster your confidence open your eyes deepen your insight and if you let it reveal your own proclivities for failure that you may not even recognize Based on a ten year longitudinal study *Rising to Power* offers a profoundly new way of looking at an executive's rise in an organization and offers an approach to significantly increase your odds of success The New Executive Assistant Jonathan McIlroy, 2018-03-12 *The New Executive Assistant* is a guide for EAs and their executives designed to help them reconsider the EA role and look at it in a new light The premise is simple the more effective the EA the more effective the executive and the more effective the organisation *Exceptional Executive Teams* Dwaine Canova, 2021-05-22 This book helps build Exceptional Executive Teams Executive leadership teams using the teaching in this book perform at an elite level Building Exceptional Executive Teams Exceptional denotes individuals or teams performing and accomplishing at an exceptionally high level Exceptional Executive Teams make better happen every day Every organization deserves an exceptional executive team Exceptional is a way of life a journey not a destination The pursuit of exceptional status is a virtue Exceptional performance and accomplishments include meeting or exceeding and continually raising the bar by increasing goals key performance indicators KPIs and expectations Elites Make better happen every day They establish a healthy environment with a strong and positive culture in which all individuals enjoy vibrant and rewarding lives exceptionalexecutive teams com Hearts Minds and Lives Executive Leaders must be fully vested in others with their hearts minds and lives to inspire them Leaders must continually build their thoughts attitudes and motives with genuine care about and concern for others Done well this cascades throughout the organization It inspires and transforms lives Accomplishments of growth performance and

value are significant for individuals personally and their organizations What leaders accomplish in the hearts minds and lives of individuals will last What gets accomplished with the organization s numbers is also very important but the specifics are often forgotten We need robust numbers to support the thriving lives of all the hearts and minds What happens in hearts minds and lives is never forgotten Lives and numbers work very well together Peace and exceptional performance are much easier to accomplish when there is structure encouragement collaboration inspiration respect and sincere concern for others Executive leaders of organizations are responsible for building an environment in which individuals live vibrant and rewarding lives To help this movement along I have devoted years to building the system presented in this book I wish I had been taught this and lived accordingly earlier in my life I would have contributed much more positively to others lives For me the information in this book is a form of turning away from old ways and a description of how I am going forward People don t care how much you know until they know how much you care Thomas Jefferson *The Exceptional Executives* Harry Levison,1971 *Becoming an Exceptional Executive Coach* Michael Frisch,Robert Lee,Karen L.
