## **The Jazz Music Collection:**

**Music Collection Development and Management in the Digital Age** Kirstin Dougan Johnson, 2023 Music Collection Development and Management in the Digital Age offers both a theoretical context and practical approaches to the issues facing today's music collection builders and managers. In this exciting new book, Kirstin Dougan Johnson engages readers with many of the core responsibilities involved with music collections in both music library and general library settings. The author examines the whole of music collections, incorporating into that vision guidance on the principles and tasks involved with collection building, acquisitions, management, and assessment. Details include music formats and publishing, music identification and discoverability, the context of music collections, and the tasks involved in building and scoping them, diversity and inclusion in music collections, budgets and acquisitions workflows, pre and post order tasks, collection management and assessment, and future directions for collection development in music. With its focus on issues related to music scores and media in physical and electronic forms, *Music Collection Development and Management in the Digital Age* directly addresses subject librarians who select music materials in academic libraries. The volume also serves music librarians in other settings such as public and conservatory libraries. All in all, *Music Collection Development and Management in the Digital Age* is an essential reference for all who work with music collections, whether in music libraries specifically, general library collections with music holdings, or centralized library acquisitions departments. *George Winston - Easy Piano Sheet Music Collection* George Winston, 2020-11-01 Easy Piano Personality This collection features 15 simplified transcriptions for piano from George Winston's original recordings. Includes Early Morning Range, January Stars, Japanese Music Box, Itsuki No Komoriuta, Joy Longing, Love Love Song to a Ballerina, Lullaby Peace, Prelude, Carol of the Bells, Remembrance, In Remembrance of Me, Sea, Thanksgiving Valse, De Frontenac, Variations on the Kanon by Pachelbel, Walking in the Air. **Dictionary Catalog of the Music Collection** New York Public Library. **Guide to Developing a Library Music Collection** Robert Michael Fling, 2008 Although music may be the most widely experienced and appreciated of the arts, its technical language renders it one of the most obscure when it is to be written down, described, analyzed, and cataloged. In addition, the peculiarities of music publishing, formats, their sources of supply, and acquisition, and of binding, shelving, circulation, and cataloging mean that knowledge beyond the usual book/journal orbits is required of librarians charged with building music collections. This *Guide to Developing a Library Music Collection* is intended to assist librarians who are new to music collection development and who want some tips on how to get started.
