## The Jerk:

Kick the Jerk out of Your Life Liz Aimeé Hernández,2012-05-30 This book does not talk about men who have taken their responsibility as parents and partners in a serious way It does not talk about men who have loved sincerely and honestly It does not talk about men committed to the feelings of their partners and determined not to make them suffer It does not talk about men who cooperate and turn a relationship into a team It does not talk about men who accept when they are wrong and do everything they can to make their relationships work It does not talk about men who accept you as you are and value you for your feelings not for the size of your butt or the amount in your bank account It does not talk about hard working men and good providers who can separate their work from their personal life and balance the two It does not talk about men who see their children as a blessing and get involved with them beyond a monthly alimony It does not talk about men who are faithful and loyal despite the pressure of their friends or the temptation of a beauty queen It does not talk about honest men who accept when they are in love and defend that love without hesitation No book needs to be written for them but for their partners so they know how to take care of them
