The Mangan Inheritance Brian Moore:

The Mangan Inheritance Brian Moore, 2011-08-09 Not so long ago James Mangan was a brilliant young poet These days however he toils as a journalist and shivers in the shadow of his glamorous movie star wife And now she has left him for her lover Adrift and depressed Jamie takes refuge with his father in whose house he turns up a 19th century daguerreotype bearing the initials J M and depicting a man who as it happens is Jamie s spitting image Could this be the only existing photograph of his purported ancestor the legendarily dissolute Irish poet James Clarence Mangan Obsessed by this strange resemblance and aided by an unexpected financial windfall Jamie heads to Ireland thinking at last to discover that elusive entity himself Instead in the dreary coastal village of Drishane he meets the Mangans derelict Eileen sullen Dinny drunken and shrunken Conor and the sexy and very available Kathleen They know something for sure something to do with Jamie and something they don t want him to find out The Mangan Inheritance is melodrama at its most inventive and suggestive an inquiry into the problem of identity and the nature of ancestry that beguiles the reader with dark deeds wild humor and weird goings on on its way towards a shocking and terrifying and utterly satisfying conclusion New York Magazine, 1979-12-31 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea *Brian Moore* Hallvard Dahlie, 1969 Critical assessment of Moore s novels **The Journey in Four Novels by Brian Moore** Claire Semin, 2005 The theme of journey pervades Brian Moore s fiction four of his novels *I am Mary Dunne* *Fergus* *The Great Victorian Collection* and *The Mangan Inheritance* together illustrate the different aspects of the notion This dissertation explores the nature of the journey in these novels and its impact on the characters All four protagonists who are artists undertake a journey in space time and in an imaginary world in quest of identity but their voyage proves to be tumultuous and even destructive it leads to the blending of times as well as the creation of a tension between fantasy and reality an intricate situation which jeopardizes their inner self Irish Writing in the Twentieth Century David Pierce, 2000 With five Nobel Prize winners seven Pulitzer Prize winners and two Booker Prize winning novelists modern Irish writing has contributed something special and permanent to our understanding of the twentieth century Irish Writing in the Twentieth Century provides a useful comprehensive and pleasurable introduction to modern Irish literature in a single volume Organized chronologically by decade this anthology provides the reader with a unique sense of the development and richness of Irish writing and of the society it reflected It embraces all forms of writing not only the major forms of drama fiction and verse but such material as travel writing personal memoirs journalism interviews and radio plays to offer the reader a complete and wonderfully varied sense of Ireland s contribution our literary heritage David Pierce has selected major literary

figures as well as neglected ones and includes many writers from the Irish diaspora The range of material is enormous and ensures that work that is inaccessible or out of print is now easily available The book is a delightful compilation including many well known pieces and captivating discoveries which anyone interested in literature will long enjoy browsing and dipping into

The "tinkers" in Irish Literature José Lanthers,2008 Irish travellers or tinkers have appeared as characters in Irish literature since the early nineteenth century Representations of this semi nomadic cultural and ethnic minority in works by non traveller authors almost invariably function in some way within the context of Irish identity politics whereby the tinker often serves as a primitive Other to a modern civilized Irish Self This study considers the tinker character in a large body of serious and popular literary texts some well known others rarely if ever discussed and traces how the literary construct of

the tinker figure as domestic or foreign Other evolves over time Three chapters concentrate on specific historical contexts as the tinker shifts from being a relatively straightforward scapegoat in the literature of the early nineteenth century to being a more complex and ambiguous embodiment of both the aspirations and anxieties of the Anglo Irish writers of the Revival to being a barometer of aspects of modernity and regression in the mid twentieth century Irish Republic Three further chapters focus on thematic contexts that have particular relevance for the development of the tinker figure children s literature from and about Ireland fabulist narratives particularly those with plot configurations derived from Celtic mythology and crime and detective fiction set in Ireland Finally the way in which individual travellers represent themselves in autobiographical narratives of the late twentieth century is considered often in response to the fictional tinker stereotype that has persisted in sedentary society and its cultural expressions for centuries *Cyclopedia of World Authors II* Frank Northen Magill,1989
